

00:00 (upbeat music)
00:10 Welcome to Suffolk University.
00:12 You'll do so much more than earn a degree here.
00:15 You'll learn what you love
00:16 and you'll be in one incredible city
00:18 and a lot of that has to do with where we're located.
00:21 <v ->Our location in the heart</v
00:22 of downtown Boston adds unbelievable value
00:24 to our students' academic and social lives.
00:26 Arts and entertainment venues, pro sports venues,
00:29 restaurants, they're our neighbors.
00:31 So are the top employers in town.
00:33 Experiential learning and real-world work experiences
00:35 are just a way of life here,
00:37 and these experiences will enrich your education no matter
00:40 which of our 60 plus academic programs you choose from.
00:42 <v ->So depending on your major,</v
00:44 you'll either be in our college of arts and sciences,
00:46 our Sawyer Business School, or our law school,
00:48 and you'll have access to interdisciplinary education.
00:51 You'll be able to take classes that meet the skills
00:53 that you need to pursue that career once you graduate.
00:57 <v ->A Suffolk education takes full advantage</v
00:59 of the city around us.
01:00 Our students regularly visit the companies,
01:02 civic organizations, and government offices
01:04 that surround our campus
01:06 for hands-on learning experiences
01:07 with the professionals who work there.
01:09 <v ->So our classes really go beyond the classroom.</v
01:12 We'll have business students work with the Brockton Rox
01:16 to learn about the business of baseball.
01:18 You'll have law students
01:19 who will hear from frequent guest speakers
01:22 at the Boston City Hall and the Massachusetts State House.
01:25 And those are just some examples of some
01:27 of the interdisciplinary education
01:29 that our students have at Suffolk.
01:30 <v ->The best part is, is that you'll have this amazing breadth</v
01:33 of resources and options
01:35 and experiences without getting lost in the crowd.
01:37 Our class sizes are small on purpose,
01:40 and our professors will get to know you.
01:41 Our career experts in the Center
01:43 for Career Equity Development
01:44 and Success will also get to know you as well.
01:47 From the day that you first start as a Suffolk student
01:50 to the day that you retire,
01:51 you will have all of those resources
01:52 of our career center at the ready
01:54 to prepare you for your career and what's to come.

02:00 Whether you are the first member of your family to go

02:03 to college, we have resources for all
02:05 of our first-generation students
02:07 and realize that all students add unique value
02:09 to our Suffolk community.
02:11 <v ->It's a community that makes perfect sense</v
02:12 in a multicultural international city like Boston,
02:15 and it's one that helps prepare every
02:17 one of our students for life
02:18 that's the exact same way,
02:20 filled with individuals from different backgrounds,
02:21 perspectives, and ideas.
02:23 <v Speaker>So Suffolk Rams also cheer each other on.</v
02:26 We have 19 NCAA division athletic teams
02:29 where you will be able to still go to school in a city
02:32 and also be a student athlete.
02:34 And we are exciting that we have
02:35 a women's lacrosse team starting in the spring of 2025,
02:39 so we'll have 20 teams in total.
02:42 <v Speaker 2>At Suffolk, we have over 100 clubs</v
02:44 and organizations that students can choose from.
02:46 If you have an interest, academic or otherwise,
02:48 chances are that there's an on-campus group that shares it.
02:51 No matter what you're into, you will find your people here.
02:54 <v ->We also offer activities</v
02:55 that you won't find anywhere else,
02:56 such as our Journey Leadership program
02:58 that takes students on team building experiences,
03:01 not just around Boston,
03:02 but places like Washington, DC, Florida, the Barbados.
03:06 And we also have our alternative winter
03:07 and spring break programs,
03:09 which will take students even farther than that,
03:11 doing things like working with Habitat
03:13 for Humanity in Cambodia.
03:15 <v ->Just step off campus to enjoy everything</v
03:17 that Boston has to offer.
03:18 Study in the Boston Public Garden on a sunny day,
03:21 catch an evening performance of Shakespeare on the Common,
03:24 or get involved with one
03:25 of our community service organizations in Boston
03:28 to help out your fellow Bostonians.
03:29 <v ->Plus, we celebrate our students all year round.</v
03:32 We have our First Gen week as well
03:34 as our creating the Dream Awards ceremony

04:13 But maybe a semester
04:14 or two abroad won't fit into your schedule.
04:17 You still have options.
04:18 You can study abroad for a summer
04:20 or take a course with a built-in travel seminar
04:23 or join a week-long faculty led tour.
