This document provides career outcomes information for the Sawyer Business School and College of Arts & Sciences at Suffolk University, specific to the Class of 2022 which includes students who had their degree(s) conferred between July 1, 2021 and June 30, 2022.

Data collection was conducted over a 12-month period following the May 2022 graduation. Collection methods include surveys, direct outreach through email and phone, professional data scraping, and individual online research. All information is heavily verified to ensure each graduate's post-Suffolk journey is represented as correctly and accurately as possible.

Suffolk University adheres to the National Association of Colleges and Employers (NACE) standards and guidelines, with the exception of extending the research deadline from 6 to 12 months.
