---

Master of Interior Architecture candidate with a background in electrical engineering and experience in hospitality design. Collaborative self-starter with strong communication skills and intercultural perspective. Areas of interest include hospitality, retail, restoration and redevelopment, and historic preservation.

**TECHNICAL SKILLS:** Adobe InDesign, PhotoShop, Illustrator & Premiere; Revit; AutoCad; Vray; Google Sketchup, and hand drafting.

## EDUCATION

**Suffolk University**

**Boston, MA**

*Master of Arts, Interior Architecture*

**September 2018 – Present**

- 3.95/4.0
- ASID Student Competition, Finalist & 2<sup>nd</sup> place winner
- Vice president, Interior Design Council

**Rensselaer Polytechnical Institute - Amman Campus**

**Amman, Jordan**

*Bachelor of Science, Electrical Engineering*

**September 2009 – May 2014**

## EXPERIENCE

**Suffolk University**

**Boston, MA**

*Career Development Center Graduate Fellow*

**January 2018 - Present**

- Assist in administering the Job Shadowing Program, where students are matched with employers.
- Prepare students for shadow day by leading resume workshops and orientation sessions.
- Design flyers and brochures promoting CDC events.

**LDa Design**

**Cambridge, MA**

*Interior Design Intern*

**May 2019 – August 2019**

- Developed construction document sets for hotel lobby, pre-function rooms and ballrooms; custom furniture; and hotel bathroom and room.
- Created specification books and material boards for client meetings.
- Assisted with FF&E schedules and CAD drawings.
- Processed sample requests and sample returns, and maintaining the materials library.

**Mercurio Engineering**

**Amman, Jordan**

*Electrical and Instrumentation Engineer*

**July 2015 – February 2017**

- Assisted in developing the electrical and instrumentation design of a waste water recycling plant that consists of two phases: Recycling of wastewater stream and the reduction of the water volume used
- Developed strong skills in handling design documentation, including data-sheets of instruments, junction box wiring connections, instrument cable schedules and general arrangement drawings.
