Prison Book Program

“Prison Book Program gives books to individual prisoners in the United States. Prisoners have limited access to educational materials, and we provide them with free books for personal development during incarceration. We do so because education is a powerful tool that reduces the likelihood that a prisoner will return to the prison system.”

“Do you want to directly touch the lives of prisoners around the country? Prison Book Program relies solely on volunteers to process requests and do other work required to keep the program running. Responding to prisoner requests for books – “Picking” and “Packing” - accounts for approximately 90% of the work we do during our volunteer sessions.”
