OFFICE OF DISABILITY SERVICES

Request of Information from Students for Alternate Format of Course Books

This information must be provided for each publication that is being requested by the student. The student is required to first purchase each textbook or other course material requested, and submit these materials to the Office of Disability Services. When the books are converted, the book bindings will be removed, and the text will be scanned and digitized into the requested format. The materials will be spiral or comb binded and returned with the digital versions to the student.

Please note that it takes approximately 2-4 weeks from the date the form is received to produce alternate format. If you have any further questions, please contact the Office of Disability Services at (617) 994-6820.
