

## Recommended Sequence of Courses

### School Counseling M.Ed. Program

### M.Ed./Certificate in College Admission Counseling

Taking the courses in the order listed below will ensure that you meet all of the prerequisite requirements and are fully prepared to participate in the School Counseling Practicum.

Students completing the program on a part-time basis are encouraged to complete the courses in a similar sequential manner. There are many ways to complete the program, however, so please do not think you MUST complete the coursework in this order. Consultation with your advisor is required each semester, so you will have multiple opportunities to consider how to best complete the degree requirements while managing your personal schedule.
