

Results from Suffolk University Recycling Survey - Spring 2008

By Kenneth Redford (MPA Candidate) and Erica Mattison (Campus Sustainability Coordinator)

Use of recycling bins

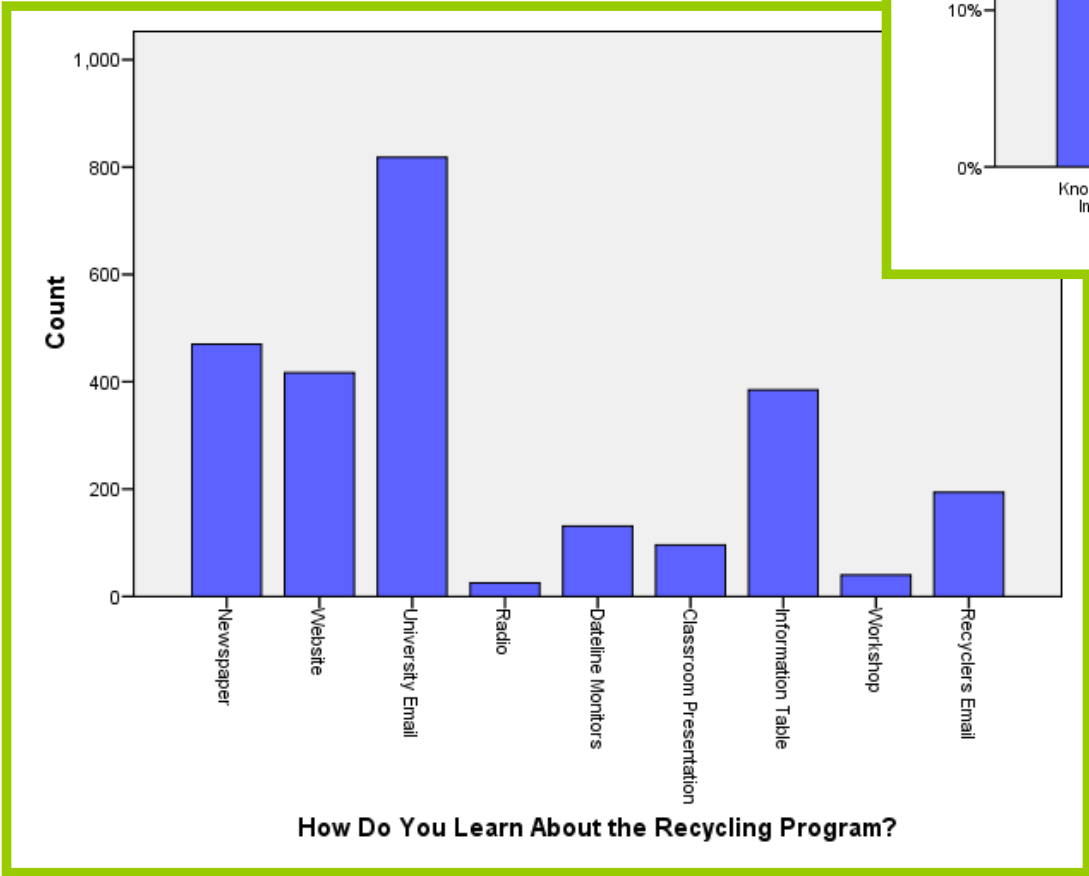

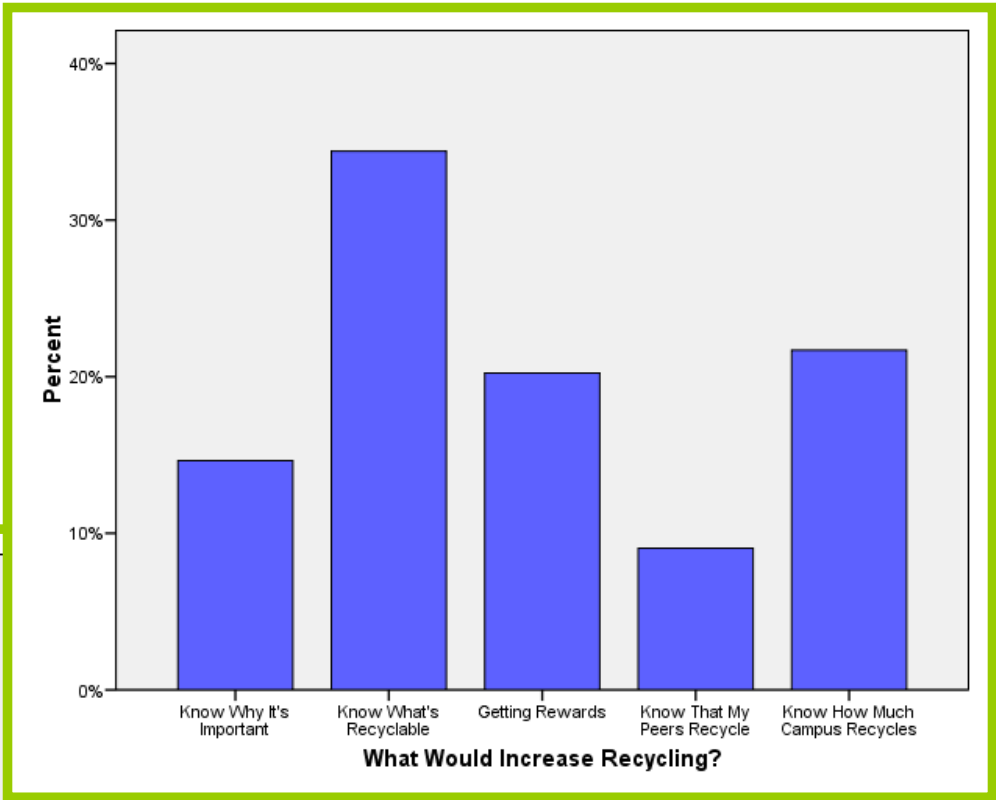

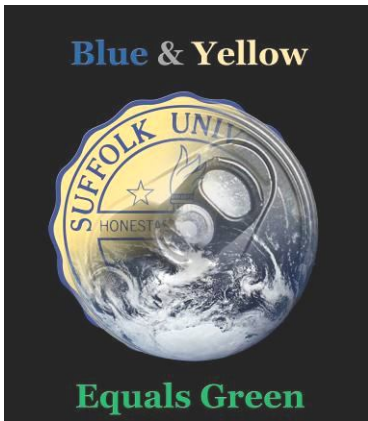

Sustainability Programming Participation

Methodology:

- Purpose: To determine level of awareness of Suffolk University’s recycling program at its main campus. Results and feedback will be used to guide the outreach and educational efforts for the 2008/09 academic year.
- Sample: An announcement with a link to the online survey was emailed to all Boston campus students (undergraduate, graduate, and Law), faculty, and staff, totaling 10,100 recipients. The survey yielded 1,449 responses, resulting in a 14% response rate.
- Timeframe of data collection: April 3-11, 2008.
