How to use the GPA Calculator

1. View a copy of your unofficial transcript on WebAdvisor
2. Enter Total GPA Credit (A = Total Attempted Credits) Not applicable to first semester students.
3. Enter Total Earned Grade Points (HP Honor Points Equivalent per Credit) Not applicable to first semester students.
4. Click Calculate on GPA Calculator to verify the Prior GPA matches “AVE” on transcript.
5. Now enter class grades and credits from current term in Class1, Class2, Class3… to see what your Term GPA and New GPA will be if those grades are applied to your transcript. In this example refer to the 19/SP term grades shown above.
