Travel Accident and Sickness Insurance Plan Benefits

What is covered under the Chubb/ACE Accident and Sickness Policy administered through AXA/CISI?

The plan covers medically necessary services, including hospital room and board, inpatient and outpatient surgical procedures, emergency outpatient care, labs and x-rays, inpatient and outpatient mental health, physician office visits and prescription drugs that are prescribed by a physician outside of the United States. See the Policy for a full list of benefits.

What are some services that are NOT covered and important to understand prior to traveling?

The plan does not cover preventative care, including, but not limited to, travel immunizations; routine physicals; elective treatment, exams or surgery; annual women's wellness exams; or prescription of birth control. Routine pregnancy services are not covered. See the Policy for the full list of exclusions.

How are prescription drugs covered?

Prescription drugs are covered when prescribed by a doctor outside of the United States and related to a medical illness or injury that occurs while traveling. You will need to pay out of pocket for prescription drugs and submit a claim for reimbursement.

It is best to get all refills for a medication that you take on a routine basis prior to traveling. This includes both preventative and maintenance medication for chronic health conditions. Please note that birth control is considered preventative in most cases and is not covered.

Always check to see if your medicine is allowed in the country you are traveling to.

What is covered for dental treatment?

It is important to be aware of the benefit limit listed on page 1 of this document. Covered Medical Expenses are for dental charges for Injury to sound, natural teeth. You will need to pay out of pocket for dental expenses and submit a claim for reimbursement.

What if I have a pre-existing condition, am I covered?

Yes, pre-existing conditions are covered.

Does this plan have a deductible?

No. Deductible means the dollar amount of Covered Expenses that must be incurred as an out-of-pocket expense by each Insured per Covered Accident or Sickness before Medical Expense Benefits and/or Additional Benefits are paid under the Policy. In addition, the Policy does not include Copay or Coinsurance.

What else is included?

There is also a small benefit for Accidental Death and Dismemberment.

Can I waive out of this plan if I already have health insurance that has an element of international coverage?

No. While we recognize that there are health insurance plans that allow for some global services, most plans are limited in scope and coverage, and may require out-of-pocket expenses with complicated claim reimbursement processes. Further, most health insurance plans are not designed or intended to be used for primary medical insurance coverage while traveling abroad.

This program is intended to provide our travelers with seamless access to emergency support and services while traveling anywhere in the world. Services include medical evacuation and repatriation coordination; political and natural disaster evacuation coordination; and payment of overseas medical bills when accepted by provider. Also included are pre-trip country information, real-time travel alerts and advice, mobile travel app and 24-hour emergency support.

Claims Processing

How does the claims process work?

AXA, is the medical assistance provider. When a member calls the designated Suffolk University line for Crisis24/Drum Cussac, the caller is warm transferred and introduced to a service representative from AXA. If AXA coordinates the payment for medical treatment, the claim will be paid for by the insurance company according to the terms and conditions of the policy. The student does not need to submit any paperwork.

Students in Madrid have direct access to certain providers and must provide a copy of a CISI insurance ID card to access care without needing to call Crisis24/Drum Cussac prior to care. Specific information on the availability of this service will be provided to students studying in Madrid.

If I receive a bill for services I received, what should I do?

If coordination of payment upfront for medical services is unavailable or was not initiated with AXA via calling Crisis24/Drum Cussac, then the prompt filing of a claim form will result in faster payment of a covered person's claim. You may get the claim form from the administrator at the school or CISI. Complete the form and mail, email, or fax it to the claims administrator, CISI

How should a claim be submitted if Suffolk University or a faculty member pays for medical services on behalf of the student?

An administrator for Suffolk or the faculty member should submit the claim form and write on the claim form or indicate with the claim form submission via email, mail or fax that the University or the faculty member paid on behalf of the insured. That note will allow payment to be directed properly.

Who do I contact if I have questions about a specific claim or a claims payment?

For a medical claim related to an accident or sickness contact **CISI, the claims administrator for the ACE America Insurance Company policy**. CISI's phone number is 1-203-399-5130 or email claimhelp@mycisi.com. CISI's hours of operation are 9am – 5pm EST, Monday through Friday.
