

00:00 Hello everyone.
00:01 My name is Gloria Peguero.
00:04 I use she, hers as pronouns
00:06 and I work at the Office of Student Financial Services.
00:10 The Office of Student Financial Services
00:12 helps families and students
00:15 with questions about the financial aid process.
00:18 Most importantly, we help families and students
00:21 create a financial planning for the student's enrollment.
00:27 Every student is assigned a financial aid counselor
00:30 based on their last name.
00:32 The office is available
00:34 to meet with families and students
00:37 be it on the phone, in person or virtual,
00:40 as an ORM and as a first generation student.
00:45 And we like you to take advantage of all the opportunities
00:50 the Office of Student Financial Services have
00:54 for first-generation students and students of color.
00:58 You should start by sending me an email
01:00 if you have questions about the financial aid process
01:03 or if you have questions about how to start
01:07 the Suffolk University curriculum.
01:09 Thank you.
