

## Getting Started with Applied Econometrics? Here are some helpful videos!

---

<https://www.youtube.com/watch?v=vEP4RIOKuE4>

This video will help give you an introductory overview of what Econometrics is and the concepts that will be covered in class, plus some concepts that may not be touched on if you're eager to learn!

<https://www.youtube.com/watch?v=VK-rnA3-41c>

This is an introduction to hypothesis testing. This is great if you need a quick refresher on the subject from your old stats class!

<https://www.youtube.com/watch?v=V8eKsto3Ug>

Having trouble with R Studio? This video will go over the basics of how to use this program if things aren't quite clicking yet. Beware: this is a lengthy video so you may want to tackle it in chunks, or just fast forward to the areas you need the most help with!
