Q32. Recent tax credits for movie companies have resulted in 14 movies made in MA in the past 12 months. Proponents say the tax credit is good because it brings added jobs and new money into the state. Opponents say that a tax credit for movie companies is bad policy because it costs the state more than it is worth, given other state programs that need revenue. Which is closer to your view?

Q16. Some people say that President Bush should boycott the Olympic games in China because the extreme air pollution in Beijing poses a threat to the athletes, as well as continued human rights abuses by the Chinese government, and violations of basic privacy rights to Americans visiting China. Other people say that Bush should attend the Olympic Games regardless of the politics of the host country because the Olympic Games are about athletic competition. Which is closer to your view?

Q32. Recent tax credits for movie companies have resulted in 14 movies made in MA in the past 12 months. Proponents say the tax credit is good because it brings added jobs and new money into the state. Opponents say that a tax credit for movie companies is bad policy because it costs the state more than it is worth, given other state programs that need revenue. Which is closer to your view?

Q32. Recent tax credits for movie companies have resulted in 14 movies made in MA in the past 12 months. Proponents say the tax credit is good because it brings added jobs and new money into the state. Opponents say that a tax credit for movie companies is bad policy because it costs the state more than it is worth, given other state programs that need revenue. Which is closer to your view?

Q32. Recent tax credits for movie companies have resulted in 14 movies made in MA in the past 12 months. Proponents say the tax credit is good because it brings added jobs and new money into the state. Opponents say that a tax credit for movie companies is bad policy because it costs the state more than it is worth, given other state programs that need revenue. Which is closer to your view?

Q32. Recent tax credits for movie companies have resulted in 14 movies made in MA in the past 12 months. Proponents say the tax credit is good because it brings added jobs and new money into the state. Opponents say that a tax credit for movie companies is bad policy because it costs the state more than it is worth, given other state programs that need revenue. Which is closer to your view?

Q32. Recent tax credits for movie companies have resulted in 14 movies made in MA in the past 12 months. Proponents say the tax credit is good because it brings added jobs and new money into the state. Opponents say that a tax credit for movie companies is bad policy because it costs the state more than it is worth, given other state programs that need revenue. Which is closer to your view?
