17. Question 1 would add one more slot machine establishment in Massachusetts. A YES vote would permit the state Gaming Commission to license one additional slot machine gaming establishment at a location that meets certain conditions specified in the law. A NO vote would make no change in current laws regarding gaming. At this point, will you vote for YES or NO?

18. Question 2 would expand the number of charter schools in the state. A YES vote would allow for up to 12 approvals each year of either new charter schools or expanded enrollments in existing charter schools, but not to exceed 1% of the statewide public school enrollment. A NO vote would make no change in current laws relative to charter schools. At this point, will you vote for YES or NO?

19. Question 3 is the farm animals question. A YES vote would prohibit any confinement of pigs, calves, and hens that prevents them from lying down, standing up, fully extending their limbs, or turning around freely. A NO vote would make no change in current laws relative to the keeping of farm animals. At this point, will you vote for YES or NO?

20. Question 4 is the marijuana question. A YES vote would allow persons 21 and older to possess, use, and transfer marijuana concentrate (including edible products) and to cultivate marijuana, all in limited amounts, and would provide for the regulation and taxation of commercial sale of marijuana and marijuana products. A NO vote would make no change in current laws relative to marijuana. At this point, will you vote for YES or NO?

29. Massachusetts has just begun early voting which means that you can vote at your local city or town hall right now to avoid the long lines on election day. Unlike absentee voting, you don't need a reason to vote early. However, if you vote early, you cannot change your mind and vote differently once you've cast your ballot. How likely are you to take advantage of this new opportunity to vote early - very likely, somewhat likely, not very likely, or not at all likely?

29. Massachusetts has just begun early voting which means that you can vote at your local city or town hall right now to avoid the long lines on election day. Unlike absentee voting, you don't need a reason to vote early. However, if you vote early, you cannot change your mind and vote differently once you've cast your ballot. How likely are you to take advantage of this new opportunity to vote early - very likely, somewhat likely, not very likely, or not at all likely?

17. Question 1 would add one more slot machine establishment in Massachusetts. A YES vote would permit the state Gaming Commission to license one additional slot machine gaming establishment at a location that meets certain conditions specified in the law. A NO vote would make no change in current laws regarding gaming. At this point, will you vote for YES or NO?

18. Question 2 would expand the number of charter schools in the state. A YES vote would allow for up to 12 approvals each year of either new charter schools or expanded enrollments in existing charter schools, but not to exceed 1% of the statewide public school enrollment. A NO vote would make no change in current laws relative to charter schools. At this point, will you vote for YES or NO?

19. Question 3 is the farm animals question. A YES vote would prohibit any confinement of pigs, calves, and hens that prevents them from lying down, standing up, fully extending their limbs, or turning around freely. A NO vote would make no change in current laws relative to the keeping of farm animals. At this point, will you vote for YES or NO?

20. Question 4 is the marijuana question. A YES vote would allow persons 21 and older to possess, use, and transfer marijuana concentrate (including edible products) and to cultivate marijuana, all in limited amounts, and would provide for the regulation and taxation of commercial sale of marijuana and marijuana products. A NO vote would make no change in current laws relative to marijuana. At this point, will you vote for YES or NO?

29. Massachusetts has just begun early voting which means that you can vote at your local city or town hall right now to avoid the long lines on election day. Unlike absentee voting, you don't need a reason to vote early. However, if you vote early, you cannot change your mind and vote differently once you've cast your ballot. How likely are you to take advantage of this new opportunity to vote early - very likely, somewhat likely, not very likely, or not at all likely?

29. Massachusetts has just begun early voting which means that you can vote at your local city or town hall right now to avoid the long lines on election day. Unlike absentee voting, you don't need a reason to vote early. However, if you vote early, you cannot change your mind and vote differently once you've cast your ballot. How likely are you to take advantage of this new opportunity to vote early - very likely, somewhat likely, not very likely, or not at all likely?

19. Question 3 is the farm animals question. A YES vote would prohibit any confinement of pigs, calves, and hens that prevents them from lying down, standing up, fully extending their limbs, or turning around freely. A NO vote would make no change in current laws relative to the keeping of farm animals. At this point, will you vote for YES or NO?

20. Question 4 is the marijuana question. A YES vote would allow persons 21 and older to possess, use, and transfer marijuana concentrate (including edible products) and to cultivate marijuana, all in limited amounts, and would provide for the regulation and taxation of commercial sale of marijuana and marijuana products. A NO vote would make no change in current laws relative to marijuana. At this point, will you vote for YES or NO?

29. Massachusetts has just begun early voting which means that you can vote at your local city or town hall right now to avoid the long lines on election day. Unlike absentee voting, you don't need a reason to vote early. However, if you vote early, you cannot change your mind and vote differently once you've cast your ballot. How likely are you to take advantage of this new opportunity to vote early - very likely, somewhat likely, not very likely, or not at all likely?
