22. Charter schools are schools that receive government education funding but operate completely independently from the public school system. Some people say charter schools take valuable financial resources away from underfunded public schools. Others say that charter schools provide better options for students and parents. Which comes closest to your view?

22. Charter schools are schools that receive government education funding but operate completely independently from the public school system. Some people say charter schools take valuable financial resources away from underfunded public schools. Others say that charter schools provide better options for students and parents. 24. This November a ballot measure may appear that would legalize the sale of recreational marijuana to anyone over the age of 21, just like for alcohol. It would allow for the opening of licensed dispensaries, as well as for people to grow their own. Would you support or oppose this ballot measure?

22. Charter schools are schools that receive government education funding but operate completely independently from the public school system. Some people say charter schools take valuable financial resources away from underfunded public schools. Others say that charter schools provide better options for students and parents. Which comes closest to your view?
