18. There is a November ballot question which would authorize the state auditor to audit the accounts, programs, activities, functions of all departments, offices, commissions, institutions, and activities of the state legislature and any authorities or districts created by the state legislature. The state auditor would also be given access to... A no vote would make no change to current law. At this point, would you vote yes or no on this question?

32. Massachusetts is the only state in the nation that has a "right to shelter" law, which requires the state to quickly provide shelter and other necessities to pregnant women and homeless parents with children, which in the past year has increasingly included migrant families arriving in Massachusetts. Which of the following most closely matches your views?

33. The state's emergency shelter law for homeless families has come under tremendous strain over the past two years, with more than 18,000 people currently housed in its network and the state on track to spend close to a billion dollars over the next fiscal year. Who do you believe is most responsible for this situation?

18. There is a November ballot question which would authorize the state auditor to audit the accounts, programs, activities, functions of all departments, offices, commissions, institutions, and activities of the state legislature and any authorities or districts created by the state legislature. The state auditor would also be given access to... A no vote would make no change to current law. At this point, would you vote yes or no on this question?

33. The state's emergency shelter law for homeless families has come under tremendous strain over the past two years, with more than 18,000 people currently housed in its network and the state on track to spend close to a billion dollars over the next fiscal year. Who do you believe is most responsible for this situation?

27. Recently, cities and towns are facing enormous budget shortfalls to fund K-12 education due to federal pandemic dollars running out, lower state tax collections, and higher inflation costs. Thinking about your community, which of the following solutions to the school budget shortfall comes closest to your view:

32. Massachusetts is the only state in the nation that has a “right to shelter” law, which requires the state to quickly provide shelter and other necessities to pregnant women and homeless parents with children, which in the past year has increasingly included migrant families arriving in Massachusetts. 27. Recently, cities and towns are facing enormous budget shortfalls to fund K-12 education due to federal pandemic dollars running out, lower state tax collections, and higher inflation costs. Thinking about your community, which of the following solutions to the school budget shortfall comes closest to your view:
