30. Question 1 would change the Public Records Law. A 'yes' vote would make most records held by the state Legislature and the governor's office public records under the Massachusetts Public Records Law, while exempting those related to the development of public policy and communications between legislators and their constituents. A 'no' vote would make no change to the state's public records law. At this point, would you vote yes or no on this question?

31. Question 2 would specify that employees of the Committee for Public Counsel Services, the state's public defender office, are permitted to engage in collective bargaining with their employer. A 'yes' vote would specify that CPCS employees may form a union to collectively bargain with their employer. A 'no' vote would make no change to the law governing labor relations for CPCS employees. At this point, would you vote yes or no on this question?

32. Question 3 would eliminate political party primaries for state elections. A 'yes' vote would eliminate separate party primaries for state elections and require a single primary in which all candidates appear on one primary ballot. Voters could vote for any candidate, and the top two candidates would advance to the general election. A 'no' vote would make no change to the laws governing primary elections. At this point, would you vote yes or no?

33. Question 4 is the same day voter registration proposal. It would allow people to register to vote on Election Day after showing proof of residency – such as a photo ID or a current utility bill – and signing a written oath that they are a U.S. citizen, at least 18 years old, not legally prohibited from voting, and have not and will not vote in the same election at another location. A 'yes' vote would permit eligible citizens to register to vote or to update their voter registration address at their polling place on Election Day. A 'no' vote would make no change to the state's voter registration laws. At this point, would you vote yes or no on this question?

34. Question 5 would change the limit on how much revenue the state can collect in a given year. A 'yes' vote would change the limit on state revenue collection, tying it to prior year collections plus average wage and salary growth, and provide for a rebate of revenue exceeding that limit. A 'no' vote would make no change to the law relative to state revenue collection. At this point, would you vote yes or no on this question?

35. Question 6 would eventually dedicate state taxes collected from the sale and use of sporting goods, recreational vehicles, and golf courses to a newly created fund dedicated to natural resource conservation. The funds would be subject to appropriation by the Legislature. A 'yes' vote would create a fund that could be utilized for natural resource conservation that would receive some state taxes collected on the sale and use of sporting goods and recreational vehicles, and the use of golf courses. A 'no' vote would not create the new fund or change how the sales and use taxes are spent. At this point, would you vote yes or no on this question?

38. Question 9 makes a number of changes to Massachusetts laws governing firearms by targeting a law passed two years ago, including requiring some to be 21 to own semiautomatic rifles or shotguns; imposing penalties for possessing or creating so-called “ghost guns”; and prohibits people from carrying firearms in government buildings, polling locations, and schools, with certain exceptions. A ‘yes' vote would keep in place the law, while a ‘no' vote would repeal the 2024 law. At this point, would you vote yes or no on this question?

Legislators should fulfill their duty to make laws	71	13	16	1	40	30	26	13	50	18	-	-	3	51	17	-	3	51	16	4	-
	14%	11%	14%	6%	16%	15%	18%	10%	17%	11%			11%	17%	9%		18%	17%	10%	18%	
I don't have strong feelings one way or the other	75	23	12	2	38	29	28	18	56	12	-	3	4	51	19	2	3	50	14	6	3
	15%	19%	10%	11%	15%	14%	20%	13%	19%	8%		43%	14%	17%	11%	20%	18%	17%	9%	27%	19%
Undecided	23	5	3	1	14	10	2	11	13	9	-	-	1	11	12	-	-	10	12	-	1
	5%	4%	3%	6%	6%	5%	1%	8%	4%	6%			4%	4%	7%			3%	8%		6%

30. Question 1 would change the Public Records Law. A 'yes' vote would make most records held by the state Legislature and the governor's office public records under the Massachusetts Public Records Law, while exempting those related to the development of public policy and communications between legislators and their constituents. A 'no' vote would make no change to the state's public records law. At this point, would you vote yes or no on this question?

32. Question 3 would eliminate political party primaries for state elections. A 'yes' vote would eliminate separate party primaries for state elections and require a single primary in which all candidates appear on one primary ballot. Voters could vote for any candidate, and the top two candidates would advance to the general election. A 'no' vote would make no change to the laws governing primary elections. At this point, would you vote yes or no?

33. Question 4 is the same day voter registration proposal. It would allow people to register to vote on Election Day after showing proof of residency – such as a photo ID or a current utility bill – and signing a written oath that they are a U.S. citizen, at least 18 years old, not legally prohibited from voting, and have not and will not vote in the same election at another location. A 'yes' vote would permit eligible citizens to register to vote or to update their voter registration address at their polling place on Election Day. A 'no' vote would make no change to the state's voter registration laws. At this point, would you vote yes or no on this question?

34. Question 5 would change the limit on how much revenue the state can collect in a given year. A 'yes' vote would change the limit on state revenue collection, tying it to prior year collections plus average wage and salary growth, and provide for a rebate of revenue exceeding that limit. A 'no' vote would make no change to the law relative to state revenue collection. At this point, would you vote yes or no on this question?

35. Question 6 would eventually dedicate state taxes collected from the sale and use of sporting goods, recreational vehicles, and golf courses to a newly created fund dedicated to natural resource conservation. The funds would be subject to appropriation by the Legislature. A 'yes' vote would create a fund that could be utilized for natural resource conservation that would receive some state taxes collected on the sale and use of sporting goods and recreational vehicles, and the use of golf courses. A 'no' vote would not create the new fund or change how the sales and use taxes are spent. At this point, would you vote yes or no on this question?

38. Question 9 makes a number of changes to Massachusetts laws governing firearms by targeting a law passed two years ago, including requiring some to be 21 to own semiautomatic rifles or shotguns; imposing penalties for possessing or creating so-called “ghost guns”; and prohibits people from carrying firearms in government buildings, polling locations, and schools, with certain exceptions. A ‘yes' vote would keep in place the law, while a ‘no' vote would repeal the 2024 law. At this point, would you vote yes or no on this question?

30. Question 1 would change the Public Records Law. A 'yes' vote would make most records held by the state Legislature and the governor's office public records under the Massachusetts Public Records Law, while exempting those related to the development of public policy and communications between legislators and their constituents. A 'no' vote would make no change to the state's public records law. At this point, would you vote yes or no on this question?

31. Question 2 would specify that employees of the Committee for Public Counsel Services, the state's public defender office, are permitted to engage in collective bargaining with their employer. A 'yes' vote would specify that CPCS employees may form a union to collectively bargain with their employer. A 'no' vote would make no change to the law governing labor relations for CPCS employees. At this point, would you vote yes or no on this question?

32. Question 3 would eliminate political party primaries for state elections. A 'yes' vote would eliminate separate party primaries for state elections and require a single primary in which all candidates appear on one primary ballot. Voters could vote for any candidate, and the top two candidates would advance to the general election. A 'no' vote would make no change to the laws governing primary elections. At this point, would you vote yes or no?

33. Question 4 is the same day voter registration proposal. It would allow people to register to vote on Election Day after showing proof of residency – such as a photo ID or a current utility bill – and signing a written oath that they are a U.S. citizen, at least 18 years old, not legally prohibited from voting, and have not and will not vote in the same election at another location. A 'yes' vote would permit eligible citizens to register to vote or to update their voter registration address at their polling place on Election Day. A 'no' vote would make no change to the state's voter registration laws. At this point, would you vote yes or no on this question?

34. Question 5 would change the limit on how much revenue the state can collect in a given year. A 'yes' vote would change the limit on state revenue collection, tying it to prior year collections plus average wage and salary growth, and provide for a rebate of revenue exceeding that limit. A 'no' vote would make no change to the law relative to state revenue collection. At this point, would you vote yes or no on this question?

35. Question 6 would eventually dedicate state taxes collected from the sale and use of sporting goods, recreational vehicles, and golf courses to a newly created fund dedicated to natural resource conservation. The funds would be subject to appropriation by the Legislature. A 'yes' vote would create a fund that could be utilized for natural resource conservation that would receive some state taxes collected on the sale and use of sporting goods and recreational vehicles, and the use of golf courses. A 'no' vote would not create the new fund or change how the sales and use taxes are spent. At this point, would you vote yes or no on this question?

36. Question 7 would allow single-family homes to be built on lots of 5,000 square feet or more in residential areas, while allowing towns and cities to regulate certain aspects of the homes, including their height and distance from neighboring buildings. A 'no' vote would make no change to the law. At this point, would you vote yes or no on this question?

37. Question 8 would prohibit the legalization, regulation, and taxation of the retail sale of adult recreational use marijuana, repealing a law voters passed in 2016. A 'no' vote would keep the current law in place. At this point, would you vote yes or no on this question?

38. Question 9 makes a number of changes to Massachusetts laws governing firearms by targeting a law passed two years ago, including requiring some to be 21 to own semiautomatic rifles or shotguns; imposing penalties for possessing or creating so-called “ghost guns”; and prohibits people from carrying firearms in government buildings, polling locations, and schools, with certain exceptions. A ‘yes' vote would keep in place the law, while a ‘no' vote would repeal the 2024 law. At this point, would you vote yes or no on this question?

30. Question 1 would change the Public Records Law. A 'yes' vote would make most records held by the state Legislature and the governor's office public records under the Massachusetts Public Records Law, while exempting those related to the development of public policy and communications between legislators and their constituents. A 'no' vote would make no change to the state's public records law. At this point, would you vote yes or no on this question?

31. Question 2 would specify that employees of the Committee for Public Counsel Services, the state's public defender office, are permitted to engage in collective bargaining with their employer. A 'yes' vote would specify that CPCS employees may form a union to collectively bargain with their employer. A 'no' vote would make no change to the law governing labor relations for CPCS employees. At this point, would you vote yes or no on this question?

32. Question 3 would eliminate political party primaries for state elections. A 'yes' vote would eliminate separate party primaries for state elections and require a single primary in which all candidates appear on one primary ballot. Voters could vote for any candidate, and the top two candidates would advance to the general election. A 'no' vote would make no change to the laws governing primary elections. At this point, would you vote yes or no?

33. Question 4 is the same day voter registration proposal. It would allow people to register to vote on Election Day after showing proof of residency – such as a photo ID or a current utility bill – and signing a written oath that they are a U.S. citizen, at least 18 years old, not legally prohibited from voting, and have not and will not vote in the same election at another location. A 'yes' vote would permit eligible citizens to register to vote or to update their voter registration address at their polling place on Election Day. A 'no' vote would make no change to the state's voter registration laws. At this point, would you vote yes or no on this question?

34. Question 5 would change the limit on how much revenue the state can collect in a given year. A 'yes' vote would change the limit on state revenue collection, tying it to prior year collections plus average wage and salary growth, and provide for a rebate of revenue exceeding that limit. A 'no' vote would make no change to the law relative to state revenue collection. At this point, would you vote yes or no on this question?

35. Question 6 would eventually dedicate state taxes collected from the sale and use of sporting goods, recreational vehicles, and golf courses to a newly created fund dedicated to natural resource conservation. The funds would be subject to appropriation by the Legislature. A 'yes' vote would create a fund that could be utilized for natural resource conservation that would receive some state taxes collected on the sale and use of sporting goods and recreational vehicles, and the use of golf courses. A 'no' vote would not create the new fund or change how the sales and use taxes are spent. At this point, would you vote yes or no on this question?

38. Question 9 makes a number of changes to Massachusetts laws governing firearms by targeting a law passed two years ago, including requiring some to be 21 to own semiautomatic rifles or shotguns; imposing penalties for possessing or creating so-called “ghost guns”; and prohibits people from carrying firearms in government buildings, polling locations, and schools, with certain exceptions. A ‘yes' vote would keep in place the law, while a ‘no' vote would repeal the 2024 law. At this point, would you vote yes or no on this question?
