Table Q40 Page 51.....Q40. Overall, do you feel that the Affordable Care Act signed into law in 2010, sometimes called Obamacare, is generally good for New Hampshire or generally bad?

Table Q41 Page 52.....Q41. Do you support or oppose a sales tax in New Hampshire?

TABLE OF CONTENTS

Table Q42 Page 53.....Q42. Do you support or oppose a mandatory seatbelt law in New Hampshire?

Table Q43 Page 54.....Q43. Some states in the northeast have required those who sell electricity to consumers to purchase a portion of their electricity supply from power plants that use renewable fuels, such as wind, biomass or methane gas from landfills. The goal is to reduce the pollution that would otherwise be caused by using fossil fuels to generate electricity and to keep energy dollars circulating in the regional economy rather than going to other parts of the country and the world...

Table Q44 Page 55.....Q44. How much of an increase in your monthly electric bill would you be willing to accept to increase the use of renewable fuels to produce electricity - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q45 Page 56.....Q45. Some states in the northeast have offered generous financial incentives to homeowners and businesses that install solar-powered electricity equipment on their homes or buildings. The goal is to reduce pollution that would otherwise come from fossil fuel use and stabilize or even reduce electricity costs over the long run. In general, do you support these solar incentive policies?

Table Q46 Page 57.....Q46. How much of an increase in your monthly electric bill would you be willing to accept to support energy use by others - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q47 Page 58.....Q47. Some states in the northeast are trying to reduce the greenhouse gases that are believed by most scientists to be contributing to changes in climate. Most northeastern states require fossil fuel burning plants to buy "allowances" to emit these gases. These policies are thought to have contributed to a significant reduction in the emission of these gases in the northeast. In general, do you support "greenhouse gas reduction" policies?

Table Q48 Page 59.....Q48. How much of an increase in your monthly electric bill would you be willing to accept to pay for these restrictions - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q49 Page 60.....Q49. Some states in the northeast would like to reduce their dependence on imported fossil fuels by importing electricity generated by large hydroelectric dams in the eastern Canadian provinces. The goal is to reduce emissions of air pollution, increase reliability of electricity supplies and stabilize electricity prices...

Table Q50 Page 61.....Q50. How much of an increase in your monthly electric bill would you be willing to accept to pay for the new transmission lines and long-term commitments - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q42 Page 245.....Q42. Do you support or oppose a mandatory seatbelt law in New Hampshire?

Table Q43 Page 246.....Q43. Some states in the northeast have required those who sell electricity to consumers to purchase a portion of their electricity supply from power plants that use renewable fuels, such as wind, biomass or methane gas from landfills. The goal is to reduce the pollution that would otherwise be caused by using fossil fuels to generate electricity and to keep energy dollars circulating in the regional economy rather than going to other parts of the country and the world...

Table Q44 Page 247.....Q44. How much of an increase in your monthly electric bill would you be willing to accept to increase the use of renewable fuels to produce electricity - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q45 Page 248.....Q45. Some states in the northeast have offered generous financial incentives to homeowners and businesses that install solar-powered electricity equipment on their homes or buildings. The goal is to reduce pollution that would otherwise come from fossil fuel use and stabilize or even reduce electricity costs over the long run. In general, do you support these solar incentive policies?

Table Q46 Page 249.....Q46. How much of an increase in your monthly electric bill would you be willing to accept to support energy use by others - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q47 Page 250.....Q47. Some states in the northeast are trying to reduce the greenhouse gases that are believed by most scientists to be contributing to changes in climate. Most northeastern states require fossil fuel burning plants to buy "allowances" to emit these gases. These policies are thought to have contributed to a significant reduction in the emission of these gases in the northeast. In general, do you support "greenhouse gas reduction" policies?

Table Q48 Page 251.....Q48. How much of an increase in your monthly electric bill would you be willing to accept to pay for these restrictions - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q49 Page 252.....Q49. Some states in the northeast would like to reduce their dependence on imported fossil fuels by importing electricity generated by large hydroelectric dams in the eastern Canadian provinces. The goal is to reduce emissions of air pollution, increase reliability of electricity supplies and stabilize electricity prices...

Table Q50 Page 253.....Q50. How much of an increase in your monthly electric bill would you be willing to accept to pay for the new transmission lines and long-term commitments - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q41 Page 499.....Q41. Do you support or oppose a sales tax in New Hampshire?

TABLE OF CONTENTS

Table Q42 Page 500.....Q42. Do you support or oppose a mandatory seatbelt law in New Hampshire?

Table Q43 Page 501.....Q43. Some states in the northeast have required those who sell electricity to consumers to purchase a portion of their electricity supply from power plants that use renewable fuels, such as wind, biomass or methane gas from landfills. The goal is to reduce the pollution that would otherwise be caused by using fossil fuels to generate electricity and to keep energy dollars circulating in the regional economy rather than going to other parts of the country and the world...

Table Q44 Page 502.....Q44. How much of an increase in your monthly electric bill would you be willing to accept to increase the use of renewable fuels to produce electricity - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q45 Page 503.....Q45. Some states in the northeast have offered generous financial incentives to homeowners and businesses that install solar-powered electricity equipment on their homes or buildings. The goal is to reduce pollution that would otherwise come from fossil fuel use and stabilize or even reduce electricity costs over the long run. In general, do you support these solar incentive policies?

Table Q46 Page 504.....Q46. How much of an increase in your monthly electric bill would you be willing to accept to support energy use by others - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q47 Page 505.....Q47. Some states in the northeast are trying to reduce the greenhouse gases that are believed by most scientists to be contributing to changes in climate. Most northeastern states require fossil fuel burning plants to buy "allowances" to emit these gases. These policies are thought to have contributed to a significant reduction in the emission of these gases in the northeast. In general, do you support "greenhouse gas reduction" policies?

Table Q48 Page 506.....Q48. How much of an increase in your monthly electric bill would you be willing to accept to pay for these restrictions - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?

Table Q49 Page 507.....Q49. Some states in the northeast would like to reduce their dependence on imported fossil fuels by importing electricity generated by large hydroelectric dams in the eastern Canadian provinces. The goal is to reduce emissions of air pollution, increase reliability of electricity supplies and stabilize electricity prices...

Table Q50 Page 508.....Q50. How much of an increase in your monthly electric bill would you be willing to accept to pay for the new transmission lines and long-term commitments - a dollar per month, three dollars, five dollars per month, ten dollars, or something else?
