31. Currently, 264,000 Maine residents receive benefits from Medicaid. Last fall, Maine voters approved an expansion of the state's Medicaid program, which would make an additional 70,000 low-income adults eligible for benefits. Governor Paul LePage has refused to expand the program because he believes it will cost too much. Do you agree or disagree with Governor's LePage's decision?

31. Currently, 264,000 Maine residents receive benefits from Medicaid. Last fall, Maine voters approved an expansion of the state's Medicaid program, which would make an additional 70,000 low-income adults eligible for benefits. Governor Paul LePage has refused to expand the program because he believes it will cost too much. Do you agree or disagree with Governor's LePage's decision?

31. Currently, 264,000 Maine residents receive benefits from Medicaid. Last fall, Maine voters approved an expansion of the state's Medicaid program, which would make an additional 70,000 low-income adults eligible for benefits. Governor Paul LePage has refused to expand the program because he believes it will cost too much. Do you agree or disagree with Governor's LePage's decision?

31. Currently, 264,000 Maine residents receive benefits from Medicaid. Last fall, Maine voters approved an expansion of the state's Medicaid program, which would make an additional 70,000 low-income adults eligible for benefits. Governor Paul LePage has refused to expand the program because he believes it will cost too much. Do you agree or disagree with Governor's LePage's decision?

31. Currently, 264,000 Maine residents receive benefits from Medicaid. Last fall, Maine voters approved an expansion of the state's Medicaid program, which would make an additional 70,000 low-income adults eligible for benefits. Governor Paul LePage has refused to expand the program because he believes it will cost too much. Do you agree or disagree with Governor's LePage's decision?

31. Currently, 264,000 Maine residents receive benefits from Medicaid. Last fall, Maine voters approved an expansion of the state's Medicaid program, which would make an additional 70,000 low-income adults eligible for benefits. Governor Paul LePage has refused to expand the program because he believes it will cost too much. Do you agree or disagree with Governor's LePage's decision?
