**2018 – 2019 Appeal Application for Additional Aid**

---

If you wish to appeal the aid decision rendered by the Office of Student Financial Services you must complete this application in full. Please remember the Office of Student Financial Services extended the best possible offer to you based on available funding and information reported on your application.

**Appeals should only be based on new information or information that has changed since your 2018-19 FAFSA was filed. Appeals will not be considered until the student's file has been verified.**

**Note to new students: Suffolk University does not "match" offers from other schools. Appeals requesting an award match from another university will not result in an increased award package.**

**All appeals must be accompanied by supporting documentation.** For example, if you are appealing as a result of illness, include copies of medical bills, doctor’s statements, etc. If you are appealing on the basis of unemployment, you must submit verification such as a letter from your employer, copies of your last pay stub, verification of unemployment benefits, etc. **Please remember to attach supporting documentation.**

**Note:** If you receive any additional funding through the appeal process for this academic year, renewal of that funding may not be awarded for subsequent years. In other words, increased aid awarded now is not guaranteed for the future. *Your signature below indicates that you understand this appeal process.* If you are a dependent student, your parent must also sign this form.
