The income information that your parent(s) reported on your 2018-19 FAFSA does not appear to provide sufficient financial support for the number of household family members reported on your 2018-19 FAFSA. Please complete this worksheet so we may accurately assess your family's financial situation. ***Include information regarding income and expenses from the 2016 calendar year (January 1, 2016 through December 31, 2016.)***

On the chart below, please list resources, benefits, and other amounts received by the parent(s) and any other member of the household. Also list the expenses the family incurred in 2016.

**The financial income/support section may include items that were not required to be reported on the FAFSA or other forms submitted to the financial aid office.** Untaxed Social Security Benefits, SSI, Federal Veterans Education benefits, military housing allowance, SNAP, TANF, etc. must be reported on this form if received by a household family member in 2016.
