2019 – 2020 Parent’s Marital Status/Tax Return Filing Status Discrepancy Worksheet for Dependent Student

Student’s Name _____ Student ID _____

According to our records there is a discrepancy with information reported on your 2019-20 FAFSA. The **parent’s marital status** you reported on the FAFSA does not appear to agree with the **parent’s tax return filing status** reported on the FAFSA.

Please confirm the following information:

1. **As of the date you filed your original 2019-20 FAFSA, what was the marital status of the custodial parent(s) whose information is reported on your 2019-20 FAFSA? (select one)**

- Married or remarried
- Never married
- Divorced or separated
- Unmarried and both parents living together
- Widowed and not remarried

2. **Please indicate the reported 2017 Federal Income Tax Filing Status as reported on parent(s) 2017 Federal Tax Return. (select one)**

- Single
- Head of Household
- Married filing a joint return **or** Married filing a separate return
- Qualifying Widow/Widower

Please review your 2019-20 FAFSA.

- *If the marital status (as of the date your original FAFSA was filed) or tax filing status for the parent is incorrect on your FAFSA, please update the FAFSA accordingly.*
- *If the marital status and tax filing status reported on your FAFSA and on this form is accurate and there is an obvious inconsistency such as marital status of ‘Married’ with tax filing status of ‘Head of Household’ or marital status of ‘Divorced’ with tax filing status of ‘Married,’ please provide an explanation as to why the discrepancy exists. Attach a separate sheet if necessary.*
