GET TO KNOW US ONLINE

Suffolk.edu/admitted is the go-to information hub for all accepted students. You’ll find even more information on your admission portal. Log in at uga.suffolk.edu/status.

REVIEW YOUR FINANCIAL AID INFORMATION

We will send a letter to the email address you provided on your admission application detailing your financial aid package for you to share with your family. The priority financial aid deadline is March 1. However, you can submit an application after that date at fafsa.gov, and we will do our best to work with you. Our federal code is 002218.

If you have questions about your aid package, the Student Financial Services staff can help. Find your counselor, assigned based on the first letter of your last name, at suffolk.edu/student-financial-services/contact-us.

CHECK YOUR SUFFOLK UNIVERSITY EMAIL

Starting in early May, we’ll create a University email account for you. You’ll receive your account information via the email address you shared on your admission application. Suffolk University email is the primary way we will communicate with you; check your Suffolk inbox regularly for updates. If you need help with this email account or your portal login, contact the Information Technology Service Desk at 617-557-2000 or servicedesk@suffolk.edu.

ARRANGE YOUR HOUSING

If you are a first-year student, submitting your deposit by May 1 guarantees your spot in University housing for two years. If you are a transfer student, you may be eligible for University housing for fall 2022.
an I-20 or DS-2019 form for your visa application. You may schedule an interview at the nearest U.S. consulate after you receive your immigration documents from us. Please note: The U.S. consulate will issue visas up to 120 days before the start of your program, so it is important to begin the process as soon as possible. You are allowed to enter the U.S. on your new visa no more than 30 days before the start of your program, so please be careful when scheduling your travel plans.

If you are already in the United States in F-1 or J-1 status, please submit a copy of your current I-20 or DS-2019, a copy of your current visa, and the Suffolk transfer release form to the international advisor at your current school so that your SEVIS record can be released to our office. Once we receive your completed transfer release form, as well as your other required documents, we will create your Suffolk I-20 or DS-2019.

International students must plan their travels to be able to participate in the mandatory new international student orientation on August 29–September 3. Visit suffolk.edu/isso for more information and email isso@suffolk.edu with any questions.

OFF-CAMPUS HOUSING
If you plan to live off campus, Residence Life & Housing Services has resources for every stage of your housing search—from providing lists of trustworthy realtors to helping you find roommates. Visit suffolk.edu/reslife for more information.

TAKE THE ONLINE MATH PLACEMENT EXAM/Writing Placement Survey & Register for Courses
New students must complete the math placement exam/writing placement survey and register for first-semester courses before arriving at orientation. This will help you build a schedule that fits your academic and personal interests. You will receive final academic advising and schedule confirmation during orientation. You must participate in orientation to finalize your registered course schedule and complete the registration process. Instructions for completing these steps will be available in your admission portal beginning in mid-May.

Note: If you are a transfer student who has completed Suffolk’s math requirement through a transferred course, you do not need to take this exam but should still register for courses before orientation.

OFF-CAMPUS HOUSING
If you plan to live off campus, Residence Life & Housing Services has resources for every stage of your housing search—from providing lists of trustworthy realtors to helping you find roommates. Visit suffolk.edu/reslife for more information.

MADRID ACCEPTANCES
If you have been accepted to our Madrid campus, felicitaciones! You will be invited to a specific orientation session so you can connect with your cohort and learn more about the Suffolk Madrid experience. You’ll receive additional information via email.

SUBMIT REQUESTS FOR DISABILITY SERVICES
The University’s commitment to the success of all students means we ensure full access to Suffolk programs and services. If you have a learning disability, attention-deficit/hyperactivity disorder, physical/mobility disability and/or system disorder, autism spectrum disorder, mental health condition, neurological disorder, deafness or hearing loss, blindness or low vision, and/or a medical condition, the University provides services to accommodate your needs.
You must provide relevant diagnostic documentation clearly identifying a disability that requires services. Please send all diagnostic documentation and supporting materials to the Office of Disability Services by mail, fax, or email. You will find more details, including contact information, at suffolk.edu/disability.

REGISTER FOR & ATTEND SUMMER AND FALL ORIENTATIONS

Orientation is designed to help students transition to college and assist families in understanding their students’ experience during this exciting time. Joining Suffolk’s academic community is an important milestone, and we are excited to celebrate it with you.

New first-year students are required to attend a two-day orientation and stay overnight in a residence hall. Transfer students are required to attend a one-day session. We will offer sessions on different dates to accommodate your busy schedule.

Additionally, new students must attend a required one-day orientation session on September 4.

Orientation Dates
All new students must attend both summer and fall orientation before classes start. Please log in and choose your summer orientation session from the list of available options. Multiple dates are offered to accommodate students living outside New England (including international students), non-traditional-age students, and students who are completing military service.

All students will be automatically registered for the required fall orientation on September 4.

You can find detailed information at suffolk.edu/orientation. If you find that you have a scheduling conflict after reviewing the available sessions, please contact Orientation & New Student Programs at orientation@suffolk.edu or 617-573-8321 for help.

Summer Family Orientation
Suffolk offers a comprehensive family orientation along with all student sessions. Families learn about campus services and resources; get acquainted with faculty, staff, and current students; and meet other families. We encourage family members to attend orientation with their student.

Veterans or Students Currently Serving in the Military
All veteran, active service, and reservist students are required to attend orientation. If you have trouble attending the specific orientation designed for veterans or students currently serving in the military due to deployment, travel, or location, please contact Orientation & New Student Programs at 617-573-8321 or orientation@suffolk.edu. If you have additional questions regarding veteran educational benefits, please contact the RAM Registration & Financial Center at 617-573-8488 or RAMCenter@suffolk.edu.

How to Register for Orientation
Once you have submitted your enrollment deposit, you can register for new student and family orientation via your admission portal at uga.suffolk.edu/status. You’ll find registration instructions at suffolk.edu/orientation. The registration deadline is June 3.

Special Accommodations
If a student or family member has a disability that may affect participation in orientation, please contact Disability Services at 617-573-8034 or disabilityservices@suffolk.edu. Please indicate any food allergies, dietary restrictions, or mobility concerns online when making your reservation.

If you have questions about orientation, new student programs, or registering for classes, please contact Orientation & New Student Programs at 617-573-8321 or orientation@suffolk.edu.
SUBMIT YOUR HEALTH INFORMATION

Please review the New Student Health Requirements checklist at suffolk.edu/student-life/health-wellness/health-services.

Health Insurance

All registered Suffolk students (domestic or international) enrolled in at least 75 percent of a full-time academic program must have a qualified health insurance plan for the academic year. If you do not have one, you must participate in the Suffolk Student Health Insurance Plan (SSHIP). Eligible students will automatically be enrolled in SSHIP and charged the policy premium. Your health insurance card will be mailed to the address you supply at e-Checkin upon arrival at Suffolk. Those students who do not wish to subscribe to SSHIP and who are enrolled in another qualifying health plan must go to universityhealthplans.com to waive the plan for 2022-2023. If you have questions about this process, please call University Health Plans at 1-800-437-6448.

Please note: All international students must purchase SSHIP, with the exception of:

Those international students whose sponsoring institutions have a signed agreement with Suffolk that satisfies the University’s health insurance waiver requirements

or

International students covered by health insurance companies with a home office based in the United States, and whose policy provides coverage comparable to that of SSHIP.

International students who do not fall under the conditions above must purchase SSHIP and therefore are not eligible for a waiver.

All out-of-state students with insurance plans that do not provide emergency and non-emergency coverage for treatment with Massachusetts medical and mental health providers must purchase SSHIP.

Waiver Information

If you have an alternative qualifying health insurance plan, you must complete the online waiver form by September 30, 2022, to opt out of SSHIP. We will notify you when the waiver is available and provide more detailed information.

Required Immunization Records

If you are enrolled in a full-time academic program or you are an international student, the Massachusetts Department of Public Health requires that you submit certain immunization records to Suffolk University. Please download the Required Immunization Record form under New Student Health Requirements at suffolk.edu/chw and submit it to the Department of Counseling, Health & Wellness by August 2, 2022. Failure to comply will result in a hold on your course registration.

The Division of Student Success

The Division of Student Success is made up of five offices with a single goal: to help you make the most of every academic opportunity available to you at Suffolk—from your first day and beyond. Every program in the Division of Student Success is located at 73 Tremont Street on the ninth floor:

→ Academic Advising
→ Career Center
→ Disability Services
→ International Programs and Services/Study Abroad
→ Learning and Academic Success

Learn more about the many ways these resources can help you by visiting the division or calling 617-573-8034. You will find more details at suffolk.edu/studentsuccess.

PAY YOUR TUITION BILL

We’ll post your fall 2022 tuition bill to SU Pay, your online billing and payment gateway, for you and your parents/guardians to view in late June or early July. This bill, which will exist only in SU Pay and will not be mailed to you, is due on August 1. Please set up your parents/guardians as authorized users on SU Pay so they will have access to this bill, too. To access your SU Pay account, log into the MySuffolk portal and navigate to the My Finances tab. If you have questions about your bill, including how to pay it, please contact the RAM Registration & Financial Center at RAMCenter@suffolk.edu.

NOTE: Some or all instruction for all or part of the academic year may be delivered remotely. Tuition and mandatory fees have been set regardless of the method of instruction and will not be refunded in the event instruction occurs remotely for any part of the academic year.
SO. MANY. CHOICES.
WHAT’S YOURS?

Pre-professional advising is available for students interested in pre-dental, pre-law, pre-medical, pre-optometry, and pre-veterinary.
