- 00:01 So we'll go ahead and get started.
- 00:03 I notice the Q and A component.
- 00:05 The, questions are coming in a little bit.
- 00:07 Som we're gonna go ahead and start with the presentation
- 00:09 and there'll be a break at some point,
- 00:11 to answer some questions,
- 00:12 we'll have about 45 minutes with each other.
- 00:15 Some of it will be very quick.
- 00:17 We'll talk a little bit about the exciting opportunities
- 00:19 at Suffolk University and go over a very,
- 00:21 very high level overview as you're still making a decision
- 00:24 around where to attend, or what what to do.
- 00:26 And so we're really excited about
- 00:28 showing you a little bit about Suffolk
- 00:29 and what we can offer.
- 00:31 And then also, we'll have some time for students
- 00:34 to be able to an answer some questions that you may have.
- 00:38 So, we'll be happy to direct those questions
- 00:40 to Turner and Gavin that are here too.
- 00:43 And, I will have them introduce themselves
- 00:45 a little bit later
- 00:47 and we'll get through the boring parts
- 00:49 of the presentation first,
- 00:50 in order to get to exciting parts
- 00:51 with Gavin and Turner at the end.
- 00:54 So, here at Residence Life and Housing Services,
- 00:58 this then webinar for incoming students and families
- 01:01 of people that are accepted to Suffolk University.
- 01:03 We're really excited that you're taking part of this
- 01:05 and getting to know us a little bit more.
- 01:08 When you live at Suffolk University,
- 01:10 you're really living right downtown, right?
- 01:13 You're in the right in the thick of it,
- 01:15 right in the middle of the city.
- 01:17 When we say, downtown is our campus.
- 01:19 That literally means that you step outside
- 01:21 and you are exposed to the downtown life.
- 01:24 And you're part of an experience,
- 01:25 that is part of a very cosmopolitan, large city experience,
- 01:30 where students are growing up much faster
- 01:32 than they would anywhere else.
- 01:35 You walk out of your residence halls
- 01:36 and you're walking into the financial district,
- 01:39 or in the Nathanial Hall, or North End,
- 01:41 or Washington Street, or downtown crossing
- 01:44 and steps away from a T-stops, or parks.
- 01:48 Major parks, or historical locations
- 01:50 where revolutions happened.
- 01:52 This is the major opportunity that you would have
- 01:56 at Suffolk University,
- 01:57 because being on campus means that,
- 02:00 you're part of a vibrant community.
- 02:01 And we can't wait for you to experience

```
02:03 that when you are here at Suffolk.
02:05 One really interesting question
02:07 that we're continuously getting is,
02:09 when will I be able to start my housing application?
02:12 The housing portal opens for all new students,
02:15 starting May 19th, 2022.
02:18 So, do not rush on anything,
02:20 if you've already made your deposit,
02:22 you do not have to do anything else.
02:24 All you have to do is wait until May 9th, 2022,
02:27 and you'll get an email saying
02:29 "It is time for you to start filling out
02:31 "your housing application".
02:33 And then on June 2nd, housing applications,
02:37 housing assignments will come out
02:39 and you will know where you will be living.
02:42 You will be living in one of the three residence halls
02:44 oh, before you do that,
02:45 the housing application,
02:47 in the housing applications,
02:48 you will not be able to predict which building
02:51 that you want to live in.
02:53 However, you can select room types.
02:55 So, you can select either a single, double,
02:58 triple, quad, five person room,
03:00 six person room and eight person room.
03:03 And you can pick roommates
03:06 to be part of those groups of people.
03:07 So if you were in a four person group,
03:09 you can select a quad as your first priority,
03:11 so that you can all be placed in a quad together.
03:14 One cool thing is that we match people based on,
03:17 their personality,
03:19 or how they answer their housing application questions.
03:21 Are you clean?
03:22 Are you not clean?
03:23 Are you an early riser?
03:25 Are you a sleep in person?
03:26 Do you mostly do your work at night?
03:28 Do you need a quiet room to study,
03:30 or do you like activities happening?
03:32 Do you like overnight people to come and visit you often?
03:35 Or do you like your own space?
03:37 Tons of questions that people have to answer
03:40 and what we start to do is pair people up based on that.
03:42 You do not have to have a roommate group.
03:44 You can go at it individually
03:46 and we can pair you up with somebody,
03:48 that answers a question similarly to you.
03:50 Or, you can select somebody that you really
03:52 are connecting with and you can get into small groups,
03:57 and select rooms together as well.
03:59 Or actually we will select the rooms for you,
04:02 in those tiny little groups as well.
```

```
04:04 If you are looking for a single room,
```

- 04:06 notice that little one is there,
- 04:08 for single room types.
- 04:10 You, would wanna go through the Office
- 04:11 of Disability Services
- 04:13 and fill out a housing accommodation form.
- 04:15 And if you go just type in Google Suffolk University
- 04:18 ODS, or Office of Disability Services,
- 04:21 you'll get to their page,
- 04:23 click on the page of accommodations
- 04:25 and there'll be a form for housing accommodations
- 04:27 and you can click on that
- 04:28 and somebody from the Office of Disability Services,
- 04:31 will reach out to you and talk to you about that as well.
- 04:35 Okay.
- 04:36 First and foremost, Smith Hall.
- 04:38 This is one of the buildings at first year students
- 04:40 can be assigned to.
- 04:41 455 students live here and almost all first year students
- 04:45 and transfer students will be living in this building.
- 04:48 We have singles, doubles and quads in this building,
- 04:50 and I'll go over that a little bit more.
- 04:53 Very, active building,
- 04:55 community style living as well as suite style living.
- 04:58 The community style usually means that your
- 04:59 door opens up and goes into a hallway
- 05:01 and then there's a large restroom
- 05:02 that a lot of the community shares.
- 05:04 You have a lot of interaction in the building.
- 05:08 And RA's do a wonderful job of creating programs,
- 05:11 you walk away from this building knowing about
- 05:12 two to 300 students, almost within the first month,
- 05:16 because your common interactions.
- 05:17 There's also a dining hall in the first floor.
- 05:20 So, there's a lot of interaction with a lot of students.
- 05:22 If you're looking to be really great friends
- 05:26 with a lot of people in the community,
- 05:27 Smith Hall is a really, really great place for you.
- 05:30 Secondly, Nathan R. Miller Hall,
- 05:33 or commonly known as Miller Hall,
- 05:35 home of 331st year students,
- 05:37 also are community for honors living,
- 05:40 learning community and leadership living community.
- 05:43 A lot of common questions that we've been getting about
- 05:45 "Can honor students, do they have to live in Miller Hall"?
- 05:48 No, the honors living learning community,
- 05:51 is the opt in community.
- 05:53 So, if you are interested in being part of
- 05:56 the honors living, learning community,
- 05:57 you will be assigned to Miller Hall,
- 05:59 but honors students do not need to sign up
- 06:01 for the honors living, learning community.
- 06:03 Other than that,
- 06:04 the entire building is suite style residence hall.

```
06:07 So, what that usually means is that two students,
06:10 two rooms are connected with a bathroom in the middle.
06:12 So you're sharing a bathroom with four people,
06:15 or sometimes three, or sometimes three as well,
06:18 if there's a single on one side.
06:20 Again, 331st year students,
06:22 it's a very active building as well.
06:24 This is one of the closest buildings
06:27 to our campus classroom buildings.
06:29 And so it's a very active and a very communal feeling,
06:35 because a lot of students are taking classes
06:37 and walking into classes together.
06:39 And it's a very, very close community of 330 residents.
06:43 And last but not least, or One Court Street building,
06:45 it's the newest building that just opened up in fall 2020,
06:48 formerly the Aims hotel, but then renovated into
06:51 One Court Street or Residence Hall,
06:52 home of 299 first year students.
06:56 This is entire,
06:57 each room has their own bathroom ,
06:59 because it was a hotel renovated into a residence hall,
07:02 very active communities.
07:03 These are where you find some of the larger rooms,
07:05 like five person, six person, eight person rooms too
07:09 and it's a really interesting community.
07:11 A lot of students are really, really excited
07:13 about what being in here because it's,
07:14 one it's new and exciting,
07:16 but it's the neighborhood is,
07:17 you're right in the middle of
07:19 right across the street from Nathanial Hall,
07:20 right down the street from Washington Street,
07:23 right across the street from the Old State House.
07:25 A lot of historical locations,
07:28 are right around this building.
07:30 A very beautiful masonary building,
07:33 coming outta the entrance.
07:34 So, we're really excited about
07:35 what this building offers as well.
07:38 Going back to the room assignments.
07:40 Here are the room types that are available,
07:42 this the same slide from earlier,
07:44 single, double, triple, quad,
07:46 five, six, eight.
07:47 So in your application,
07:48 you will have a chance to rank,
07:50 one, two, three,
07:51 four, five, six,
07:52 eight in a ranking order.
07:54 Smith Hall has singles,
07:56 doubles, triples and quads,
07:58 Miller Hall singles,
08:00 doubles and quads.
08:01 And One Court Street has two,
```

```
08:03 three,
08:04 four, five,
08:05 six and eight person rooms.
08:07 If you notice, five person rooms and six person rooms,
08:10 and eight person rooms only exist in One Court Street.
08:13 So if you know that you want it to be in One Court Street,
08:15 one way to guarantee that,
08:16 is to sign up for the five person,
08:18 six person, or eight person rooms.
08:20 So if you and your seven other friends
08:22 wanna get into the eight person room,
08:24 that's one guaranteed way,
08:25 that you might be able to get assigned to One Court Street.
08:27 A lot of people say, "Hey, how can I guarantee
08:29 "to get into One Court Street?"
08:30 Well, yes, if you sign up for the five,
08:32 six, or eight person room, that doesn't exist anywhere else.
08:35 So that's one way to guarantee your space.
08:39 So, lemme talk and you feel free to keep throwing in
08:42 the questions about any of the housing information.
08:44 But, because the fact that our time is limited,
08:46 I wanna toss this over to our students.
08:49 I'm gonna have our students introduce themselves,
08:51 of where they live and where they're gonna be
08:52 working next year and all those other kind of things.
08:55 So, I will toss it over to Turner.
08:58 Hey guys, my name's Turner Mitchell.
09:00 I'm a sophomore RA in Miller right now,
09:04 and I'm currently,
09:08 on the 12th and 13th floor.
09:12 And then Gavin.
09:13 Hey guys, my name's Gavin.
09:15 I'm a junior RA.
09:16 I live in and Miller right now.
09:17 I'm on the fourth and fifth floor
09:18 and next year I'm gonna be working in Smith Hall.
09:22 Excellent.
09:23 So, I see some questions coming in.
09:27 I don't know if they're meant for students.
09:30 "Does it cost more, or less to live on campus?"
09:36 I'm not 100% sure what that's in comparison to,
09:38 but if it's comparison to living on campus, or off campus,
09:42 usually it comes out to be about the same amount of cost,
09:47 depending on where you're living.
09:48 If you're living all by yourself in a high rise,
09:50 luxury apartment with a doorman, then yes,
09:52 it's gonna be more expensive to live off campus.
09:55 But, if you live in a four bedroom
09:56 with three other friends off campus
09:58 in a North End apartment,
10:00 it usually comes out to be the same amount of price,
10:02 if not sometimes cheaper to live off campus,
10:05 but keep in mind that it is usually a 12 month lease,
10:08 rather than a six month, a nine month lease,
```

- 10:11 like an academic contract would be.
- 10:13 "If I pay the deposit"
- 10:16 Dimitra, are you going to be navigating the questions,
- 10:19 or do you want me to just read the questions
- 10:21 and just answer the questions over and over, over?
- 10:23 I can navigate the questions,
- 10:26 so I can type some of the responses
- 10:29 and then if there's a question, I dunno the answer to,
- 10:31 we can save it for the end
- 10:33 and I can read them off to you if that works?
- 10:35 Okay.
- 10:36 So, I have some questions for Turner and Gavin.
- 10:39 What's your experience like at Suffolk University?
- 10:41 What's your favorite parts of living on campus,
- 10:44 or being part of the campus community?
- 10:46 So, my favorite part of being on campus
- 10:49 is how connected you are to everything within the city.
- 10:53 Last year, my freshman year, like a lot of other people,
- 10:56 I was a commuter.
- 10:58 So I commuted about 45-ish minutes from my house to Boston.
- 11:04 So, one of the great things when I was a commuter was,
- 11:09 being able to go to the third floor lounge
- 11:11 and the commuter lounge and all that stuff,
- 11:12 and really meeting everybody
- 11:14 and really being a big part of the community in that sense.
- 11:18 Another big thing, if you are on campus,
- 11:20 is how can I do (indistinct) with the city?
- 11:22 Kinda like I mentioned before.
- 11:24 You have pretty much everything at your fingertips.
- 11:27 You can grab whatever food you want.
- 11:29 You can go to whatever fun spots you'd like to.
- 11:32 And there's really a bunch of opportunities
- 11:34 that not a lot of other campuses offer, other than Suffolk.
- 11:45 Yeah, sorry,
- 11:46 going off that a little bit Turner
- 11:48 covered the same things I was gonna talk about.
- 11:49 Just the community aspect of living on campus is awesome.
- 11:53 In the dorms, you get to meet so many different
- 11:56 kinds of people in the dorms
- 11:58 and especially if you go to RA events,
- 11:59 like the ones we throw, you get to meet a lot of people,
- 12:02 which is a really fun experience.
- 12:04 And then yeah, being so connected to the community.
- 12:07 I mean, the Fenway is right down,
- 12:10 you just take the green line down to it
- 12:11 and the Boston Marathon was just the other day.
- 12:12 So, there's so many things in the community that happen
- 12:15 that's just outside your front door,
- 12:16 which is just incredible, I think.
- 12:20 Okay.
- 12:22 What's been one of your favorite memories on campus so far?
- 12:27 For me, I think it's just being on campus in general.
- 12:31 It's kind of vague,
- 12:32 but I was a commuter my freshman year,

```
12:34 so it was really nice to just get on campus,
```

- 12:36 kind of experienced the whole city life
- 12:39 and everything that entails,
- 12:40 just because there's so much to do.
- 12:43 There's a lot of opportunities to get an internship.
- 12:48 There's a lot of opportunities to get out
- 12:51 and meet new people.
- 12:52 You can go to other colleges, other campuses,
- 12:53 all that kind of stuff.
- 12:54 So, one of the greatest things that I enjoy is,
- 12:59 just holistically how much you can really do,
- 13:03 and really,
- 13:06 envelope yourself within a community,
- 13:08 as you'd like it.
- 13:13 Yeah, one of the best things I've done so far,
- 13:15 or one of the things I think that led me
- 13:16 to all the great things that I've done,
- 13:18 is just becoming an RA
- 13:20 and getting involved on campus as much as I have.
- 13:22 I don't think if I didn't do those things,
- 13:24 I don't think I would be where I am today.
- 13:25 So, putting myself out there in different ways
- 13:28 definitely has just opened me up to so many opportunities
- 13:30 on and off campus.
- 13:35 Speaking of that,
- 13:36 what can you tell me a little bit more,
- 13:37 about why you applied to be an RA?
- 13:40 I applied to be an RA because,
- 13:45 I wanted to get involved in the community.
- 13:49 One of the big things that Suffolk tries to
- 13:53 instill, is that each person has their own way
- 13:58 and each person has a different fit to someone else.
- 14:02 So, getting involved is one of the best ways to do that.
- 14:06 No matter what college, or campus you decide to go to.
- 14:11 If you're wanting to go the more administrative way,
- 14:15 then you might become an RA, or a TA,
- 14:18 or something like that.
- 14:19 Or, if you wanna get involved in like diversity,
- 14:22 inclusion, racial justice, stuff like that,
- 14:24 you can visit a bunch of other clubs.
- 14:26 There's a lot of different sports clubs,
- 14:28 all that kind of stuff.
- 14:28 So, one of the big reasons I became an RA in particular,
- 14:34 was just the connections you can make with other people
- 14:36 and the massive impact you can have on
- 14:39 a bunch of different people.
- 14:44 So, I actually came in as a transfer student to Suffolk
- 14:47 and so that was something that was really important to me,
- 14:50 was getting involved on campus.
- 14:51 I didn't get to be here as a freshman,
- 14:53 so I didn't get to make these different connections,
- 14:54 or different friendship with people.
- 14:56 So coming in and taking that step
- 14:59 and getting involved as an RA opens you up

```
15:01 to so many opportunities again,
15:04 on and off campus, like I said before,
15:05 but that was one of the main reasons I chose to be an RA.
15:13 Okay.
15:14 So, what are your favorite things to do in Boston?
15:20 Outside of eating.
15:21 Or maybe eating.
15:23 I mean, eating's definitely a big thing.
15:26 There's so much to do there.
15:28 There's so much food to eat.
15:31 The freshman 15 is real.
15:33 One of the big things that I enjoy doing,
15:38 in the middle of the city is just exploring.
15:41 One of the greatest things about Boston is
15:43 that it's so darn old and it's not like blocked off,
15:48 like Chicago, or New York City or something.
15:51 So, you can take like a random street
15:53 and it'll leads you to some crazy place,
15:55 you never thought you'd see in your life.
15:58 But, if you wanna go to like different places,
16:00 like the Esplanade, the Charles River,
16:02 Cambridge, all that kind of stuff,
16:04 you can take a trip with a lot of people.
16:08 And, I think, just in general,
16:10 exploring is a big part of it,
16:11 just because the campus is so old,
16:13 or like the city is so old
16:15 and there's just so much access
16:17 to be able to do what you'd like.
16:22 Yeah, I love going,
16:23 I love getting on the T.
16:24 I love riding the T, for some reason
16:26 and just going all over the city,
16:27 you can go so far so quickly on it.
16:31 And I gotta say,
16:31 I think one of my favorite things to do in the city
16:33 is go to see the Red Sox play.
16:34 I always have a good time going to do that
16:38 and just going to any big events going on,
16:40 like the marathon, like I said,
16:41 it was just the other day.
16:42 So, going to see things like that,
16:45 and like over in Austin, there was the new balance facility
16:48 and Team USA actually just ran there
16:49 and broke a world record.
16:51 So, going and doing things like that,
16:53 just random oddball events has gotta be
16:55 one of my favorite things to do.
16:59 Gavin, there seems to be a lot of transfer students
17:02 in this webinar as well.
17:03 What made you choose Suffolk University
17:05 as a institution to come to,
17:08 when you were deciding where to transfer to?
17:12 Yeah, so my last school, I wasn't a big fan of it,
```

```
17:15 mainly because I grew up in a very small town
```

- 17:17 and where I went to school was also a very small town.
- 17:20 And so kind of felt almost like 13th grade, a little bit.
- 17:23 Kind of didn't really feel like
- 17:25 I had left and gone to college yet.
- 17:26 And so, Suffolk being located in the heart of Boston,
- 17:29 I mean, we're in the center of the city
- 17:31 was a big draw for me, definitely.
- 17:33 Being a part like being so close to all four
- 17:36 of the major T stops and getting on each of the lines
- 17:39 and being right next to Nathanial Hall
- 17:41 and all that, it was,
- 17:42 the location definitely was a big draw for me
- 17:44 as a transfer at least.
- 17:45 That was one of the biggest reasons
- 17:47 that I wanted to come here.
- 17:49 And Turner, I'm sure you had tons of choices
- 17:53 for attending Suffolk University.
- 17:55 What made you choose Suffolk as well?
- 17:59 Suffolk, for me,
- 18:00 one of the big draws for, was first of all,
- 18:03 the athletics being a part of the track and field team,
- 18:07 but another one of it was, just how inviting the campus was.
- 18:13 They kinda mold your experience to how you want.
- 18:18 Like, I don't necessarily view myself
- 18:23 as trying to live someone else's life,
- 18:24 or trying to live a certain like expectation
- 18:27 that like some brand or institution sets.
- 18:31 I think it's important for me,
- 18:33 to be able to set the standard
- 18:36 that I want to have my own experience in college
- 18:39 and Suffolk is a really great campus to do that,
- 18:42 just because of all the opportunities
- 18:44 and the community and culture that it's built upon here.
- 18:52 There were some questions coming in about pricing
- 18:56 and so let me just unilaterally answer that question.
- 18:59 If the single,
- 19:00 the single is the most expensive room
- 19:02 and the eight person is the cheapest room,
- 19:05 in the sense of pricing goes.
- 19:07 So, the more students you have in your room,
- 19:09 the less expensive it is,
- 19:10 and the less students that you have in your room,
- 19:12 the more expensive it is.
- 19:14 So that's just, there's several questions around pricing,
- 19:19 so I just wanted to make sure that I answer that question
- 19:21 and we can dismiss all the questions around pricing.
- 19:27 What, so I'm trying to,
- 19:30 there was some questions about,
- 19:33 what do the RAs get as benefits of being an RA?
- 19:37 Can you explain that a little bit?
- 19:39 Listen Gavin, if you wanna answer that question?
- 19:43 Yeah, so as an RA, we get our own single room,
- 19:46 like here in Miller,

```
19:47 we're connected through a suite to another room,
```

- 19:49 but we get our own single, which is nice.
- 19:50 So we don't have any roommates
- 19:53 and then we get also a meal plan also.
- 19:55 So, we can go to the dining halls just like everyone else
- 19:56 and tap our card and get all the meals we want over there,
- 19:59 which is really nice.
- 20:02 Yeah, I think that,
- 20:06 it's nice because there's a lot of amenities
- 20:08 that are provided to you by the school
- 20:12 and they really try to make you feel at home, like as an RA.
- 20:16 So it's,
- 20:18 they're receptive to feedback.
- 20:21 Like we had a meal plan change, this past semester.
- 20:26 So, very receptive,
- 20:28 very looking forward to
- 20:30 getting feedback
- 20:33 and receiving that well.
- 20:34 But at the same time, we do have a job to uphold.
- 20:38 So it's like, I'm making sure that that's
- 20:40 a mutual agreement between the two.
- 20:44 So let me scan through some questions
- 20:48 for the students.
- 20:49 "Are there any tips for getting around the city
- 20:52 "for someone who might not be able to use,
- 20:54 "might not used to be using public transportation?"
- 21:00 Okay, actually I have one for this.
- 21:03 My, first year here,
- 21:04 my RA actually showed me this.
- 21:06 There's an app called City Mapper.
- 21:08 I don't know if you can see it on my phone there.
- 21:10 It shows you every piece of public transportation
- 21:12 in the entire city, 'cause I was so lost when I came here,
- 21:15 I had no idea how to get around.
- 21:17 And within a few weeks of having this,
- 21:19 I have the whole place mapped out now.
- 21:21 So City Mapper, if you get it on your phone,
- 21:24 it shows you all the bus routes,
- 21:25 the T routes, which is the subway.
- 21:27 All of the bikes,
- 21:29 all the blue bikes all over the city that you can rent.
- 21:31 So, that's a very, very helpful resource,
- 21:34 If you wanna know how to get around
- 21:35 and commute the city well.
- 21:41 Yeah, I think it's also nice because,
- 21:44 Boston has a bajillion different landmarks.
- 21:47 Like you have different specific graveyards,
- 21:50 or like random stuff like that.
- 21:52 You have like different spots,
- 21:56 of like different res halls,
- 21:57 you can point to like as landmarks,
- 21:59 or like the State House, or something like that.
- 22:01 So, if you are allergic to technology,
- 22:06 then you can use more like,

```
22:09 navigational signs,
```

- 22:10 but it's like, it's pretty easy,
- 22:12 once you take the same path couple of times in Boston,
- 22:15 to know where you're going
- 22:16 and kind of flush it out from there.
- 22:19 So, yeah.
- 22:21 So what are the items that are included in a room,
- 22:25 typical room?
- 22:27 So, typically in Miller,
- 22:31 I can't speak for other res halls,
- 22:33 but I assume it's relative the same.
- 22:35 Everything pretty much wooden is assigned to you.
- 22:39 So, you get this desk that this computer's resting on,
- 22:42 you get a bed frame with a mattress,
- 22:46 you get a dresser, you get like a bigger dresser
- 22:50 and you get like a little,
- 22:52 I don't know what it's called.
- 22:55 Little, space covered thing.
- 22:56 So you get all that, you get blinds.
- 23:00 So it's a really,
- 23:06 it's nice, because it definitely opens
- 23:08 the room up a little bit,
- 23:09 but it also gives you enough space
- 23:11 to be able to have whatever you need in it.
- 23:16 Yeah, I was gonna say, going off that,
- 23:17 it has everything that you would need coming in,
- 23:20 but it leaves a lot of space for like customization
- 23:22 for your room.
- 23:23 I don't know if you can see,
- 23:24 I have like Christmas lights hanging
- 23:27 and I have just posters all over my room.
- 23:28 I've done a lot to it so,
- 23:30 it comes with everything you need
- 23:32 and then it leaves tons and tons of room
- 23:34 for you to just make it your own
- 23:35 and make it very you, which is nice.
- 23:55 I think you're muted (indistinct)
- 23:59 Sorry about that, of course I'm muted.
- 24:02 It was really cool to see that on the chat,
- 24:04 there was a lot of people saying,
- 24:05 that people have downloaded the City Mapper app.
- 24:09 So what you put in the world is being received,
- 24:12 very well, so thank you so much.
- 24:16 There was a couple questions that came through about
- 24:20 how do I apply to be an RA?
- 24:22 And every year we open the RA application
- 24:25 in spring semester.
- 24:27 So, and then we select RAs for the following year.
- 24:30 There is no requirement to live on campus to apply,
- 24:33 but it definitely helps to understand the knowledge
- 24:36 of what communities are in the residence halls. 24:39 However, you do not have to have lived on campus,
- 24:42 but you have had to have attended Suffolk University,
- 24:45 one year before you can attend,

```
24:47 before you can apply.
```

- 24:49 So, during your first year student, or freshman year,
- 24:51 you can apply to become an RA sophomore,
- 24:54 or sophomore to become a junior RA
- 24:56 and subsequently that way.
- 24:58 A lot of RAs, a lot of people will apply
- 25:00 during their first year.
- 25:01 Not very many people will get it their first year,
- 25:03 because there's tons of applications.
- 25:05 Just for context, we have about 120 applications this year
- 25:08 and only about 20 students became RAs.
- 25:11 So the chances are, it's a very tough process,
- 25:15 but, there are people that can apply and become RA's
- 25:18 after their first year,
- 25:20 Turner was one of them.
- 25:21 Turner became an RA and did not live on campus,
- 25:24 but became an RA after his first year as well.
- 25:27 So, let me try to see if,
- 25:28 "When's the official move-in date?"
- 25:30 So the move-in date can potentially vary,
- 25:33 depending on where you are actually calling in from.
- 25:37 But generically speaking,
- 25:39 September 3rd and fourth are gonna be,
- 25:41 or the Saturday and Sunday,
- 25:45 Friday and Saturday before Labor Day weekend
- 25:47 will be the move-in days.
- 25:50 I think it's the September three and fourth.
- 25:51 It could be September two and three, but it's Friday,
- 25:53 Saturday before Labor Day of 2022.
- 25:56 Those are your official move in days.
- 25:59 Students will be able to select their own move in time
- 26:02 and so they may select the second or the third,
- 26:04 depending on if it's a Friday or Saturday
- 26:06 and students, once they are assigned,
- 26:08 they'll get another up email saying,
- 26:10 now select your move in time
- 26:12 and you will be able to move in.
- 26:13 International students, however,
- 26:15 will be moving in on the 28th of August,
- 26:19 because of the fact that international students
- 26:21 have an international orientation on the 29th and 30th.
- 26:25 And so the international students will move in on the 28th.
- 26:28 If you are a student athlete,
- 26:30 needing to come in for early spring, or fall practice,
- 26:33 or summer practice,
- 26:35 there are times that students will move in
- 26:37 as early as August 18th or 19th,
- 26:42 because practice or spring or fall training starts earlier
- 26:45 than the school begins.
- 26:47 And sometimes even game schedules start before
- 26:49 the semester starts.
- 26:51 So there are different students moving in
- 26:54 at different pockets of times,
- 26:56 but generically speaking the Friday and Saturday

```
26:58 before Labor Day is the major move in day for everybody.
```

- 27:04 Okay, so there's tons of questions.
- 27:07 "If I'm doing the August orientation,
- 27:09 "but non international,
- 27:10 "can I still move in on the 28th?"
- 27:11 Yes, I believe all students that are registered
- 27:14 for the last orientation can still move in,
- 27:19 on the 28th and will just continue to just attend
- 27:22 their orientation at that time.
- 27:25 I'm trying to look through the questions
- 27:27 to see if there's any more questions for our students here.
- 27:34 Here's a good question for RAs.
- 27:35 "Can I use stick and peel wallpaper in the dorm rooms?"
- 27:40 I just got a question.
- 27:42 What do you say, RAs?
- 27:43 I'm pretty sure that's a no go.
- 27:45 I'm gonna go out on a limb on that one, but.
- 27:50 Yeah, I mean, if it sticks on a wall,
- 27:53 if it's just a little tiny patch, I think that's okay.
- 27:55 But if it's going onto an entire wall
- 27:57 and you're covering up an entire wall,
- 27:59 it's not that we're concerned about you peeling up the paint
- 28:01 or anything like that.
- 28:03 It just becomes a fire hazard.
- 28:04 Anytime there's kind of a piece of paper on the walls,
- 28:07 our walls are protected with fire code,
- 28:10 sort of layers of protection.
- 28:12 So we wanna just make sure that,
- 28:15 we do not break the rules around certain things like that.
- 28:21 I did get a question about microwaves and fridges.
- 28:24 Turner or Gavin, how many microwaves or fridges,
- 28:27 do you think people bring in?
- 28:28 Do almost every room have them,
- 28:30 or how does that come out to be usually?
- 28:33 Typically it's about one per room.
- 28:37 I mean maybe if you're in a big room,
- 28:40 maybe two or three, but really it's like,
- 28:43 you kinda only need like one or two.
- 28:45 You can and have one per person,
- 28:47 but it just kind of depends on your personal preferences.
- 28:51 We don't really see too many per room, per suite.
- 28:57 There was a question of,
- 28:58 "Can you be an RA for more than one year?"
- 29:02 Yes, you absolutely can be.
- 29:04 Absolutely.
- 29:05 You can be it for up to three.
- 29:10 So I got a question about Ram Academy
- 29:13 and those dates have not yet been announced.
- 29:17 So stay tuned.
- 29:19 You will find out more about that
- 29:21 during your orientation or once your May 1st
- 29:24 deadline passes, there'll be tons of information coming
- 29:27 as soon as you are officially a Suffolk student
- 29:29 and you get your Suffolk email address

```
29:31 and a tons of emails will start
```

- 29:32 showing up in your Suffolk email address.
- 29:34 So stay tuned on the Ram Academy information.
- 29:37 There will, and there will also be tons of information
- 29:40 of what you can and cannot bring.
- 29:42 Please, don't start thinking about
- 29:43 what you can and cannot bring just yet,
- 29:45 because there will be a tons of lists
- 29:47 that we will send out as far as things to pack,
- 29:49 things, not to pack during move in day.
- 29:51 And we will make sure that you have all that
- 29:53 information out there.
- 29:55 I just got another question about what is Ram Academy?
- 29:57 Ram Academy is information for students
- 30:00 that wanna jumpstart their college career
- 30:02 and come early a little bit and get involved
- 30:05 in a lot of programs and activities
- 30:06 and do a little sort of experience
- 30:09 and meet some new people before school starts
- 30:11 and, but there are tons of more information
- 30:15 available about that.
- 30:16 Once you're officially converted into a student
- 30:19 and have your Suffolk email address
- 30:21 as your official sign of a Suffolk University student.
- 30:25 I got a lot of questions still coming.
- 30:28 I had a lot of questions coming in about
- 30:31 honor student housing.
- 30:32 So let me just clarify one more time about honors housing.
- 30:36 Honor students in as a rule, can live anywhere.
- 30:39 Well anywhere where first year students can be assigned.
- 30:42 One Court Street, Miller Hall,
- 30:45 or Smith Hall is anywhere they could be assigned,
- 30:49 in any building and any room type, or anything like that.
- 30:52 However, honor students can opt in, select in.
- 30:57 They must select an option to live in the honors
- 31:01 living, learning community.
- 31:02 If they want that.
- 31:03 They do not have to have that,
- 31:05 but if they want that, they can sign up for it
- 31:07 and they can be placed in the honors living,
- 31:09 learning community, located in Miller Hall.
- 31:13 A lot of questions have been coming in
- 31:15 and be like, well, but I have a roommate t
- 31:16 hat I wanna live in and they're definitely
- 31:18 not in the honors program.
- 31:19 Can I live together in the honors program?
- 31:22 And if you sign up to live in the honors,
- 31:24 living, learning community and cannot answer,
- 31:31 if your roommate is not part of the honors program, 31:34 then you definitely will not be able to pull them
- 31:36 into that community because the honors living,
- 31:39 learning community can only be for honors students.
- 31:42 So those roommate matchings for will not work out,
- 31:44 if one of you is in the honors community

```
31:48 and the other people, the other side is not.
```

- 31:51 So, please choose and have that conversation very wisely
- 31:57 and make sure that you talk about the honors community
- 32:01 as something that you wanna live in.
- 32:03 And, when you're filling out the profile,
- 32:05 you can fill out your profile to include,
- 32:07 I am part of the honors program.
- 32:10 I want to live with another honors person,
- 32:12 and there is a narrative component
- 32:14 that you can fill out for your housing application as well.
- 32:21 Let me see if there's other questions in here.
- 32:31 Gavin, and I can answer some questions
- 32:33 that are in the chat if you want.
- 32:35 That'll be great.
- 32:36 I'm just trying to keep up with all the chats.
- 32:40 "How safe are"
- 32:41 there's a good question.
- 32:42 "How safe are the residents halls?" Gavin and Turner.
- 32:45 And I mean, I have to put it out there,
- 32:48 that probably Gavin and Turner have a little bit of a bias,
- 32:51 because they're part of the people that help keep
- 32:54 our residents halls safe.
- 32:58 But, how safe do you think they are?
- 33:04 I think it's very safe.
- 33:05 So, in each of the buildings at Suffolk,
- 33:07 we have a security guard, especially in the residence halls,
- 33:09 24 hours a day, seven days a week.
- 33:11 And when you come into any of the Suffolk buildings,
- 33:13 your ID lets you tap in.
- 33:15 So, you can't actually access the building,
- 33:17 unless you've tapped in.
- 33:18 So it means you have to be a Suffolk student
- 33:20 and if you don't live in the residence hall,
- 33:24 you have to be signed in by someone who lives there.
- 33:26 So, as far as people coming in, it's very, very safe.
- 33:29 And then you have RAs like me and Turner,
- 33:31 who are always around,
- 33:32 making sure if anything bad happens,
- 33:34 we're helping you out and taking care of it.
- 33:37 Can you talk a little bit about the guest policy,
- 33:40 or guest sign in process maybe?
- 33:42 Yeah, so the guest policy you're allowed two guests,
- 33:46 I think it's three nights in a row,
- 33:47 or five nights in a month for overnights,
- 33:50 but you can have them during daytime whenever you'd like,
- 33:53 according to roommate agreement.
- 33:55 That's something else that we saw a question with.
- 33:58 Like if the roommate match isn't working out.
- 34:00 So we have roommate agreements,
- 34:03 where you decide with your chosen roommate,
- 34:06 like what sort of amenities,
- 34:07 like what sort of allowances you wanna have
- 34:09 and that really plays into the quest policy as well.
- 34:12 Like if you want guests at any certain time,

```
34:13 if you want guests to sleep over, whatever,
```

- 34:15 all that kind of stuff.
- 34:17 So, each individual student gets their own liberties
- 34:19 and freedoms to whatever they'd like to do.
- 34:22 So it's, varying.
- 34:27 It definitely molds to whatever lifestyle
- 34:29 you wanna live individually.
- 34:33 There was a question about people,
- 34:35 that don't have disabilities
- 34:36 that want to have a single room.
- 34:39 Unfortunately right now,
- 34:41 based on our elevated number of students that have
- 34:44 an accommodation need,
- 34:45 we are not allowing students to select a single on their own
- 34:49 unless they get very, lucky at the very end,
- 34:52 then we might be able to sort of squeeze somebody
- 34:54 into a single at the very end.
- 34:56 However, right now we make our way
- 34:58 to make sure that all of our students that need a single
- 35:00 for accommodation purposes
- 35:02 get their single accommodation first
- 35:06 and then if there are any singles left after that,
- 35:08 we will assign them to students.
- 35:10 Usually we don't have any singles left after that process,
- 35:13 because usually even with the people
- 35:14 that have accommodation,
- 35:16 there's a long list of people waiting for accommodations
- 35:19 to be met as well.
- 35:24 So, Gavin and Turner, this question came in
- 35:29 and I'm assuming, I'm gonna add certain things
- 35:32 to the question here.
- 35:34 How do sports at Suffolk University work?
- 35:38 So, sports we play at a division three level.
- 35:43 So sports work pretty much as any other sports program,
- 35:47 or athletic program where we have trainers offices.
- 35:51 We have staff all the time.
- 35:55 We have a Ridgeway.
- 35:57 It's the Ridgeway building.
- 35:59 It's an entire building dedicated to athletic center.
- 36:02 There's a nonathletic weight room
- 36:05 and there's a varsity weight room upstairs.
- 36:08 So it all depends on whether you're into sports or not,
- 36:12 that's contingent on that.
- 36:13 But it's a very, intensive,
- 36:17 it's a very involved part of the community,
- 36:18 that a lot of students try to get involved in
- 36:21 as quickly as they can, once they learn about it.
- 36:27 There was something related to another sports.
- 36:28 They were talking about how, is East Boston
- 36:31 the only place where people can play sports,
- 36:34 or are there other locations that people can play,
- 36:37 participate in sports?
- 36:40 So East Boston is not the only place that it happens.
- 36:43 I think it's typically soccer, track,

```
36:45 baseball, I'm pretty sure,
```

- 36:48 I think are the only ones that actually like formally
- 36:51 practice at East Boston,
- 36:52 but here's a bunch of different spots around.
- 36:55 There's parks.
- 36:55 There's different basketball courts.
- 36:58 There's, a whole plethora of things to do
- 37:02 and places to go in the middle of Boston.
- 37:04 So you, you just gotta find the little nooks and crannies
- 37:07 and you'll find some little niche thing within the city,
- 37:12 but typically, yeah, in terms of like actual sports,
- 37:17 like actual like turf for track sports,
- 37:19 are played out East Boston on the Memorial field
- 37:22 and then basketball is played in the basement of Ridgeway.
- 37:27 There was a great question that came in.
- 37:29 There are different,
- 37:31 there are three different meal plan types that we offer.
- 37:34 It's A, B and C meal plan types.
- 37:37 And the only difference in A, B and C,
- 37:39 is the amount of money that you have on your card.
- 37:42 We do not have a meal plan that involves swipe cards.
- 37:46 So for example, you can't go,
- 37:49 we don't have a dining hall that you swipe
- 37:51 and get in and all you care to eat.
- 37:53 We have dining halls that are more like cafes,
- 37:55 where you go in and order a cup of coffee and a donut,
- 37:59 and you swipe \$3.50 cents and walk out,
- 38:03 because it's an declining balance meal plan on campus.
- 38:06 So, when you get to C meal plan,
- 38:10 it's approximately 1400 to \$1,500
- 38:13 and it subsequently goes up by three to \$400 higher.
- 38:18 So the B meal plan might be \$1,600
- 38:23 and C meal plan would be \$1,800 a semester.
- 38:27 The meal plan monies do transfer from fall to spring,
- 38:31 but do not transfer from fall, I mean, from spring to fall.
- 38:35 So, we recommend to always start with a smaller meal plan
- 38:38 and then add on a little bit later,
- 38:40 but don't start with a larger meal plan,
- 38:43 unless you know that you are absolutely,
- 38:45 you're gonna be eating all the time on campus.
- 38:47 However, we always recommend start small
- 38:49 and then work your way up to a larger meal plan.
- 38:55 We are getting close to our end of our time here,
- 38:59 but I think there's some time for a couple more questions.
- 39:02 Let's see if there's any more questions.
- 39:12 "The eight person rooms I heard that
- 39:15 "were really large suites with a living year area".
- 39:19 So they're really large rooms
- 39:21 and so you can create a living area and a sleeping area
- 39:26 and separate them, and there's enough room to do that,
- 39:29 but it's not sectioned off as a living area
- 39:31 and a sleeping area or anything like that.
- 39:34 There are eight person suites in Smiths Hall,
- 39:37 but they're considered doubles, or triples,

```
39:38 or singles, depending on what rooms are inside the suites,
39:41 because the larger Smiths Hall suites,
39:44 are rooms that have a little living rooms,
39:48 like what you're talking about with this living room area.
39:50 But there are several rooms attached to that,
39:52 but those would be considered a double, or a triple,
39:55 not an eight person suite.
39:57 So, you can't go in and sign up
39:58 and be in eight person group on that one.
40:02 You are signing up as a double,
40:03 or triple in those smaller suites.
40:08 So "Is the weight room open for non-athletes?"
40:15 Yes.
40:17 Yeah.
40:18 It's in the first floor,
40:20 so right as you walk in, you'll see it.
40:23 And "Can you change your meal plan at any time"?
40:25 Yes.
40:26 You can change your meal plan up at any given time,
40:29 but you cannot decrease your meal plan,
40:31 until after the time is over.
40:35 So, until the first two weeks.
40:37 So unfortunately you cannot decrease your meal plan.
40:42 However, you will be able to talk about
40:44 increasing your meal plan at any given time.
40:49 Is there any other questions,
40:52 that you can see that we haven't answered?
40:57 (indistinct background chatter)
41:00 Are there any other questions,
41:01 that I haven't been able to answer for you?
41:03 If not, I would allow like to conclude this webinar.
41:07 There will be people saved,
41:10 this webinar will be saved,
41:12 so please make sure that you come back
41:15 to the admissions website at some point,
41:17 and we will be able to check out this webinar.
41:20 If you need anything else,
41:21 our email address at residence life,
41:25 is res life
41:26 R-E-S-L-I-F-E at suffolk.edu.
41:30 And you will be able to,
41:31 you can send us an email at any given time,
41:33 and we will be able to happy to answer them
41:35 as quickly as possible.
41:37 Have I missed any last minute questions,
41:38 that anybody can think of?
41:42 There's a couple on the chat.
41:44 I can answer one of them.
41:46 The rules for decorating,
41:47 you can find that in the Suffolk website for the actual,
41:50 like little discrepancies,
41:52 but it's typically just like fire hazard stuff.
41:56 Virtual meeting spaces.
41:59 There there's a library,
```

- 42:01 virtual meeting spaces.
- 42:03 I'm not exactly sure what you mean,
- 42:05 but typically it's just like a library,
- 42:07 you can reserve something there
- 42:09 and that's usually how it goes for that.
- 42:12 Otherwise, just set up a zoom or a link such as that.
- 42:21 Okay.
- 42:23 So, great.
- 42:24 Thank you so much for attending today's webinar
- 42:26 and have a wonderful night, everybody.
- 42:29 Goodbye.
