

# Minority Representation in the Arts

By: Jana Shebli, Jordan Randall, Kaitlyn Brown, & Olivia Pacheco

Professor Prakasam, WRI 101 A

- We would like to bring more awareness to minority artists and the work they create.
- We are trying to show that many artists that create their art in honor of their culture are seriously underrepresented, and we want to change that.
- We would like to reach the age range of 18 years-old to 22 years-old.
- The two experts we consulted are Jennifer Lagundino who works in arts administration and Flordelino Lagundino who works as a director, actor, and producer.
- We wish for more minority artists to gain more recognition and have their works be displayed all over Boston.
