

HBCU Binding Early Decision Agreement Suffolk University Law School

The Thaddeus Alexander Kitchener Scholarship grants full-tuition scholarships to all incoming students who graduated from one of the identified historically Black colleges and universities and make a commitment during the application process that Suffolk Law is their first choice of institution and, if admitted, the student will definitely enroll in 2023.

I agree to enroll at Suffolk University Law School beginning in May or August 2023.

I agree not to apply to any other law school's early binding action program, though I may submit non-binding application to other law schools, prior to acceptance.

Upon acceptance at Suffolk Law and grant of a full-tuition scholarship, I agree to withdraw all applications to other law schools and not submit any new applications to other law schools.

If admitted, I agree to pay the nonrefundable \$500 seat deposit by January 15, 2023 or within 21 days of admission to Suffolk Law, whichever is later. I understand that deposit deadline extensions are not available for those admitted through the HBCU Binding Early Decision Program. I understand that applicants accepted under the HBCU Binding Early Decision Program may not defer admission.

I understand that with an offer of admission, Suffolk Law may share my name and HBCU Binding Early Decision Agreement with other law schools.

I understand that all other policies and procedures of Suffolk Law, including all application requirements and university rules and regulations, remain in full force and become part of this Agreement.

I _____ have read and understood the HBCU Binding Early Decision Agreement and policies and am ready to commit to Suffolk Law under this program.
