00:18 a whole weekend to make new friends, discover unique places,  
00:22 and visit other parts of Spain  
00:26 [SPEAKER 1] Traveling with Suffolk is great because  
00:29 the school offers different trips that you can go through  
00:31 and it's just a nice little weekend away.  
00:33 So, with Suffolk already I've been to Portugal twice  
00:36 and then I've also been to Rome and then  
00:38 just the convenience of traveling in Europe on your own is great.  
00:41 [SPEAKER 2] I really enjoy the interaction between  
00:44 other students and I also love the overall culture of Spain.  
00:50 [NARRATOR] Soak up artistic masterpieces at El Prado,  
00:53 climb the spiral steps to the roof of a castle,  
00:56 or map the stars in the Canary Islands.  
01:00 Experience all this plus grand plazas,  
01:03 inviting cafes, and tapas restaurants,  
01:07 theaters and clubs and the welcoming Madrileños  
01:08 who call the city home.  
01:13 You can get to know Spain and all of Europe one weekend at a time.  
01:16 Suffolk organizes trips to take you places you've only dreamed of  
01:20 or get together with your friends and  
01:22 check out Barcelona and Valencia or Paris and Rome.  
01:25 [SPEAKER 2] I'll definitely try and take advantage of  
01:27 visiting other parts of Spain and even Europe while I'm here.
