

00:00 (gentle music)
00:04 - Dual degree you're literally walking out,
00:07 graduating with two degrees.
00:09 So you are a specialist in that second degree.
00:12 So for example, say that you are dual degree
00:14 with MSBA and MBA.
00:15 You have both have an MBA and an MSBA.
00:18 If you just do a concentration off intelligence
00:21 you graduate with an MBA with that concentration.
00:23 So it's a signal to the market that you have
00:26 these skillsets and knowledge
00:27 but with the second degree, you're getting a deeper dive.
00:30 And so you're getting a much more expertise view
00:33 of that particular area.
