0:08 - [Brooke] I graduated from Suffolk University,
0:11 with my BSBA in finance and minor in accounting, in 2017.
0:16 - Hi, my name's Anthony Ross.
0:18 I graduated in 1997.
0:20 - I graduated in 2021.
0:22 - 1973.
0:23 - 1982.
0:24 - I graduated in 2015.
0:26 - I graduated in 1949.
0:29 - Hi, my name is Arbisa Trebicka,
0:30 and I'm graduating in December of 2022.
0:33 My major is ISOM, with a concentration in big data.
0:36 - Seventy-five years is a long time.
0:39 Um, wow.
0:43 - Suffolk was amazing to me.
0:45 It was my home, both personally and professionally.
0:47 It allowed me to do so many amazing things.
0:50 - Being at Suffolk, from 1978 to 1982,
0:54 were the best four years of my life.
0:56 - Of course, Suffolk is known
0:57 as like a really generous school,
0:59 so many opportunities here,
1:00 and of course in the city of Boston.
1:03 - I am really grateful for the Sawyer Business School,
1:06 and for all the Suffolk University community,
1:10 because really, they helped me become who I am now,
1:15 and I will be forever grateful for that.
1:18 - So I'm a first generation college graduate in my family.
1:22 I was the first to get a college degree,
1:24 um, other siblings have.
1:26 So for my parents, at the time, it was very important
1:29 that we went to college, and for me as well.
1:32 And so getting accepted to Suffolk was
1:34 exciting time in my life, and coming here
1:37 and being part of the community was just wonderful.
1:40 - One of my favorite things about being here
1:42 at Suffolk is the amazing community
1:43 of students and of professors that we have here.
1:46 I've always felt part of this amazing, diverse community
1:49 and I've had some of the best experiences
1:51 on campus, and in the classroom.
1:54 - Suffolk afforded me the opportunity to go
1:56 to school during the day, in the morning,
1:59 and then do an internship during the school year

2:01 at an investment company here in downtown Boston.
2:04 So that gave me, what I call, real life experience
2:07 connected to what I was learning in school.
2:10 - So I did a semester at Dakar campus,
2:14 and then finished my BSBA program at Suffolk Boston.
2:18 The Sawyer Business School got me
2:21 the confidence that I have now.
2:23 So it gave me the self-esteem that I needed
2:26 for my professional career.
2:29 - One of my favorite experiences about Suffolk,
2:32 was definitely the faculty.
2:34 They were super helpful and that's
2:36 what's so nice about being in a smaller school.
2:38 Everyone knows each other, but I think
2:41 the most important part is you get to interact,
2:45 and just know your faculty, and know your professors.
2:49 - The faculty were, were, uh you know,
2:51 just an intricate part of,
2:54 of my experience at Suffolk University.
2:56 - I don't know how I did all the things I did
2:58 while I was at Suffolk.
3:00 I looked at the uh, yearbook and I said
3:03 how did I do all that, go to school,
3:05 and work while I was at Suffolk.
3:09 I worked all the time when I was at Suffolk as well.
3:12 I don't know how I did it.
3:14 Don't know how I did it.
3:16 - I loved Suffolk so much, that I ended up taking the
3:19 Amtrak Downeaster, from Saco, Maine to Boston, Massachusetts
3:24 three times a week to attend classes.
3:27 I loved my friends, the faculty, other staff
3:31 that weren't professors, you know,
3:33 I just loved being there so much that I...I did that.
3:37 Listen, I love Suffolk!
3:39 (laughing)
3:40 Call me up when I'm 60, I'll still say it.
3:46 - Congratulations to Sawyer Business School,
3:48 for 75 years of the BSBA program.
3:50 - Happy 75th anniversary, BSBA!
3:53 - Seventy-five years of the Sawyer Business School BSBA.
