**2021 – 2022 Student’s Marital Status/Tax Return Filing Status
Discrepancy Worksheet**

Student’s Name _____ **Student ID** _____

According to our records there is a discrepancy with information reported on your 2021-22 FAFSA. The student’s marital status reported on your FAFSA does not appear to agree with the student’s tax return filing status reported on your FAFSA.

We are required to confirm the following information:

1. As of the date you filed your original 2021-22 FAFSA, what was your (the student’s) marital status? (select one)

- Single
- Married or remarried, _____please indicate date student married/remarried.
- Separated, _____please indicate date student separated.
- Divorced or widowed, _____please indicate date student divorced or became a widow.

2. Please indicate the 2019 Federal Income Tax Filing Status as reported on the student’s 2019 Federal Tax Return: (select one)

- Single
- Head of Household
- Married- filing a joint return
- Married – filing a separate return
- Qualifying Widow or Widower
- I did not/will not file a federal tax return for the 2019 calendar year.

Please review your 2021-22 FAFSA.

- If the marital status or tax filing status **for the student** is incorrect on your FAFSA, please update your FAFSA accordingly.*
- If the information reported on your FAFSA and on this form is accurate and there is an obvious inconsistency such as marital status of ‘Married’ with tax filing status of ‘Head of Household’ or marital status of ‘Divorced’ with tax filing status of ‘Married,’ please provide an explanation as to why the discrepancy exists. Attach a separate sheet if necessary.*
