2023 – 2024 Student's Marital Status/Tax Return Filing Status Discrepancy Worksheet

Student's Name _____ Student ID _____

According to our records, there is a discrepancy with information reported on your 2023-24 FAFSA. The student's marital status reported on your FAFSA does not appear to agree with the student's tax return filing status reported on your FAFSA.

We are required to confirm the following information:

1. **As of the date you filed your original 2023-24 FAFSA**, what was your (the student's) marital status? (select one)

Single

Married or remarried. Please indicate the date student married/remarried. _____ / _____ / _____
MONTH DAY YEAR

Separated. Please indicate the date student separated. _____ / _____ / _____
MONTH DAY YEAR

Divorced or widow(er)ed. Please indicate the date student divorced or became a widow(er.) _____ / _____ / _____
MONTH DAY YEAR

2. Please indicate the 2021 Federal Income Tax Filing Status as reported on the student's 2021 Federal Tax Return: (select one)

Single

Head of Household

Married- filing a joint return

Married – filing a separate return

Qualifying Widow or Widower

I did not/will not file a federal tax return for the 2021 calendar year.

Please review your 2023-24 FAFSA.

- If the marital status or tax filing status **for the student** is incorrect on your FAFSA, please update your FAFSA accordingly.
- If the information reported on your FAFSA and on this form is accurate and there is an obvious inconsistency such as marital status of 'Married' with tax filing status of 'Head of Household' or marital status of 'Divorced' with tax filing status of 'Married,' please provide an explanation as to why the discrepancy exists. Attach a separate sheet if necessary.
