

Referral Resources for Suffolk Students

Introduction

This list of resources is provided for information purposes only to assist students in accessing non-emergency outpatient or other community services. **Students in an immediate mental health crisis should call the national crisis line (1-800-273-TALK), utilize CHW emergency resources [LINK: [CHW/COUNSELING SERVICES/EMERGENCIES AND AFTER-HOURS CARE](#)], or call 911.** Users are encouraged to learn more about each resource listed to determine if it is a fit for their specific needs. Not every resource will be a fit for every individual; users are also reminded that community groups and organizations change over time. This list is reviewed by CHW staff annually.

Students with questions or concerns about community referrals are encouraged to make an appointment with CHW Counseling Services [[LINK: CHW/COUNSELING SERVICES/SERVICES AND APPOINTMENTS](#)] to discuss specific referral needs. CHW's Case Manager provides students with 1:1 assistance regarding community referrals.
