ENVS-320	Advanced Wetlands	4
ENVS-410	Marine Biogeochemistry	4
ENVS-510	Independent Study	4
ENVS-385	Special Topics in Marine Science	4
ENVS-360	Environmental Field Methods	4
ENVS-315	Science Communication	4

Residency Requirement Policy: In the College of Arts and Sciences, a two-course (8 credit) residency requirement must be satisfied for completion of a minor and a four-course (16 credit) residency requirement must be satisfied for the completion of a major.

Minor Programs Policy: A student declaring a minor may use no more than two courses from a major or double major combination to fulfill the requirements for the minor. No more than one course from one minor may count toward the fulfillment of a second minor. Students may not minor in a subject in which they are also completing a major.
